Additionally:

- **Complete the form** to "AP Procedures" and turn next class. Get the Safety Guidelines and Microbiology Guidelines signed and returned as well.
- This class will use VISION to post assignments and information. The link is on my website. Once you click on the site you will be prompted to log into Vision. Use your network ID and password (*****Important***** you first need to have logged onto a school computer and changed your temporary password which is your six digit birth date). Once you log into vision, you will be prompted to enter the enrollment Key (APBio). You only need to do this one time and after that you will then be taken to the course.
- I highly suggest purchasing a review book aligned with the new curriculum, such as [Holtzclaw and Holtzclaw AP® Test Prep Workbook for Campbell Biology](#). Read the corresponding chapters, highlight and make margins notes. This will be invaluable in helping you understand the class material and in studying for the AP exam.
- Assemble a **3-ring binder** with the following tabs – Reading Guides, Notes, Quizzes and Tests, etc. You only 1-2 units in class every day, but you need to keep everything from the class in a binder at home. Never throw anything away.
- You will need a **separate laboratory binder** is required to keep your prelabs and lab handouts. Some colleges want to see this to give you credit for the course. I have provided you with a lab notebook to keep notes in during laboratory procedures and experiments. You must write in pen and no erasing allowed.
