## Earthquake Protective Design Philosophical Issues

- High probability of "Failure"
- "Failure" redefined to permit behavior (yielding) that would be considered failure under other loads

"In dealing with earthquakes we must contend with appreciable probabilities that failure will occur in the near future. Otherwise, all the wealth of the world would prove insufficient... We must also face uncertainty on a large scale... In a way, earthquake engineering is a cartoon... Earthquakes systematically bring out the mistakes made in design and

**The Next Space Race** Richard M. Harrison, Peter A. Garretson, 2023-03-31 If China's space ambitions continue unchallenged America will be seriously economically and militarily disadvantaged This book provides a comprehensive strategy to secure U S primacy in the space domain From Moon landings to plans for asteroid mining China is beginning to exploit space to achieve its great power ambitions Its strategy could over time severely and adversely impact U S economic and military security The United States needs to structure its approach to space to ensure that it can meet or surpass PRC timelines Authors Richard M Harrison and Peter A Garretson both from the American Foreign Policy Council review the literature on Chinese space ambitions and assess U S space related initiatives across the government military and private sector to understand the maturity of technology available to support space initiatives Their first hand research and findings are supplemented by interviews with industry experts corporate space leaders and government and military officials The Next Space Race describes and seeks to influence the development of American space policy to ensure the U S industrial base is ready to meet or surpass PRC milestones empower and clarify the mission of the newly minted Space Force provide guidance to NASA and other federal agencies and incentivize private sector companies to contribute to ensuring American space primacy

A Generation of Sociopaths Bruce Cannon Gibney, 2017-03-07 In his remarkable Men's Journal and controversial Fortune book written in a wry amusing style The Guardian Bruce Cannon Gibney shows how America was hijacked by the Boomers a generation whose reckless self indulgence degraded the foundations of American prosperity In A Generation of Sociopaths Gibney examines the disastrous policies of the most powerful generation in modern history showing how the Boomers ruthlessly enriched themselves at the expense of future generations Acting without empathy prudence or respect for facts acting in other words as sociopaths the Boomers turned American dynamism into stagnation inequality and bipartisan fiasco The Boomers have set a time bomb for the 2030s when damage to Social Security public finances and the environment will become catastrophic and possibly irreversible and when not coincidentally Boomers will be dying off Gibney

argues that younger generations have a fleeting window to hold the Boomers accountable and begin restoring America
