**2018 Jobs Report** Kate Rockwood, 2018 The outlook is better than it s been in years The global economy is surging boosting job markets across sectors and continents The global GDP growth projection of 3.7 percent for this year represents a slight uptick from 2017 according to the International Monetary Fund Of course project professionals know they re in a good spot 22 million new project oriented jobs will be created between 2017 and 2027 according to PMI s Project Management Job Growth and Talent Gap report But not all industries are on the same footing or looking for the same kinds of project talent Healthcare organizations might demand different skills than a hirer at a telecom And while more than half of CEOs plan to increase

headcount they're having trouble finding the right skills according to PwC's 2017 CEO Survey. But all sectors are looking to transform which means there's a need for organizations to add innovative thinkers and talent that can help them increase their digital footprints.

**Poach-proof** Kate Rockwood, 2017. The fear of losing top project talent to poachers is enough to keep human resource managers up all night. And now the threat is greater than ever. Over the next decade organizations will need nearly 88 million people working in project management roles including 22 million new project management jobs around the world according to PMI's Project Management Job Growth and Talent Gap Report 2017-2027. *Rising Stars* Novid Parsi, 2015. According to PMI's Project Management Talent Gap Report 1.57 million new project management positions will be created worldwide each year across seven project intensive industries through 2020. In *Rising Stars* young practitioners reflect on the passion, education and professional experiences that launched their careers in project management. They discuss project management credentials and the importance of supplementing formal education with real world experience through volunteer work.

**The Best Project Manager** Prabuddhi Sattrukalsinghe, 2023-02-05. This book will give you insights from a practical project management viewpoint. Real life examples are used to paint a picture for the reader on how a project manager can march on a road to success when they play to their strengths and focus on improving their Power Skills. According to PMI's latest research there are about 12 major Power Skills that are required for Project Managers to be successful and this book covers 7 major areas out of the 12 whilst giving a glimpse of the remaining 5 within the sub categories. These skills are demonstrated in an introductory model called DEEP where the author first takes the reader in to a deep dive to Diagnose their Power Skills followed by a discussion on the importance of Establishing the skills and Evolving them to get better at what they do. Finally the art to Pursue the skills are discussed with details on how relationship management plays a bigger role in a successful Project Manager's life. Interestingly there is a need for 25 million Project Managers by the year 2030 as per PMI's report on Narrowing the Talent Gap and fortunately this is one of those books that can help you to become a contributor in closing this gap.

**Bridging the PM Competency Gap** Loredana Abramo, Rich Maltzman, 2017-07-01.
