Adcock, Martin Percival Charlesworth, Norman Hepburn Baynes, 1927 The Fight for Greek Sicily Melanie Jonasch, 2020-06-30 The island of Sicily was a highly contested area throughout much of its history Among the first to exert strong influence on its political cultural infrastructural and demographic developments were the two major decentralized civilizations of the first millennium BCE the Phoenicians and the Greeks While trade and cultural exchange preceded their permanent presence it was the colonizing movement that brought territorial competition and political power struggles on the island to a new level The history of six centuries of colonization is replete with accounts of conflict and warfare that include cross cultural confrontations as well as interstate hostilities domestic conflicts and government violence This book is not concerned with realities from the battlefield or questions of military strategy and tactics but rather offers a broad collection of archaeological case studies and historical essays that analyze how political competition strategic considerations and violent encounters substantially affected rural and urban environments the island's heterogeneous communities and their social practices These contributions originating from a workshop in 2018 combine expertise from the fields of archaeology ancient history and philology The focus on a specific time period and the limited geographic area of Greek Sicily allows for the thorough investigation and discussion of various forms of organized societal violence and their consequences on the developments in society and landscape **The Cambridge Ancient History: Athens, 478-401 B.C**, 1927 **Prime forme della storiografia greca** Leone Porciani, 2001 In che forme e nata la storiografia in Occidente Come storia di singole città e regioni greche o come storia generale dei Greci Le testimonianze antiche non ci aiutano molto perché sembrano essere più ipotesi di studiosi che dati di tradizione Se superiamo i rigidi confini della storiografia la storia scritta il problema ha una nuova soluzione la storia orale nacque in forme locali e in certe sue manifestazioni come il discorso pubblico con cui ad Atene si onoravano gli ultimi caduti in guerra fondo alcune categorie ereditate dalla storiografia generale fra cui la centralità dei fatti contemporanei nel racconto E una buona occasione per riflettere ancora sui legami fra storia e società in generale e tra democrazia ateniese e storia contemporanea in particolare *ein beachtenswerter Beitrag zur Klärung der Vorformen Inhalte und Traditionen griechischer Historiographie* Anzeiger für die Altertumswissenschaften Franz Steiner 2001 Collezione celerifera delle leggi, decreti, istruzioni e circolari Italy, 1884
