Cross-Border E-Commerce Marketing and Management Hoque, Md. Rakibul, Bashaw, R. Edward, 2020-10-30 The continued advancement of globalization increases in internet connectivity compatibility of international payment systems and adaptability of logistics and shipping processes have combined to contribute to the rapid growth of the cross border e commerce market Due to these advancements and the ubiquitous presence of smartphones consumer use of cross border e commerce is increasingly simplified and thus sellers are hardly restricted to a specific country in terms of promoting selling and shipping goods worldwide The burgeoning opportunities habits and trends of shopping on cross border e commerce platforms have expedited the prospect of becoming a presence in the global market This is true for enterprises of all sizes especially for small and medium sized enterprises SMEs that want to add their footprint in the international market for the first time Like any other industry cross border e commerce has its specific economics and driving forces but has different scopes challenges and trends due to the geographic and cultural expanse of relevant environments Cross Border E Commerce Marketing and Management was conceptualized by identifying the scope of new complementary information with a comprehensive understanding of the issues and potential of cross border e commerce businesses The authors believe that this book will not only fill the void in the current research but will also provide far sighted vision and strategies as it covers big data artificial intelligence IoT supply chain management and more This book provides the necessary knowledge to managers to compete with the competitive market structure and ultimately contribute to the sustainable economic growth of a country It works as a guideline for existing cross border e commerce managers to

formulate individual strategies that combine to optimize the industry while keeping the enterprise competitive This book is useful in both developed and developing country contexts This publication is an ideal resource for academicians policy makers stakeholders and cross border e commerce managers especially from SMEs Multi-variant User Interfaces in E-commerce Adam Wasilewski,2024-09-18 This book focuses on the personalisation of the user interface in e commerce based on collected data on customer behaviour While product recommendation systems are widely used for this purpose today they do not allow for a comprehensive adaptation of the layout to different user groups The proposed approach is based on the conclusion that since e commerce customers are different the user interface should also be different To make this possible several components need to be combined which together allow the design of the online shop to be automatically or expertly adapted to the customer s choices and behaviour It presents and discusses a framework that allows data to be collected processed and used to optimise UI variants for generated customer segments The proposed approach has been verified in practice and further developed on this basis so that the reader is presented with a solution that is not riddled with baby age problems and the limitations and challenges identified are described and commented on in detail Typical e commerce systems currently have a single UI for all customers The implementation of multi variant UIs therefore represents an opportunity for companies to create a marketing advantage by addressing the personalisation trends in e commerce The book is intended for those responsible for developing e commerce platform and user interfaces for web based systems as well as individuals interested in practical applications of machine learning in business Proceedings of the 3rd International Conference on Reinventing Business Practices, Start-ups and Sustainability (ICRBSS 2023) Meena Rani Nimmagadda,Catherine S.,Praseeda Challapalli,V.
