Vollmann, 2005-11-14 WINNER OF THE NATIONAL BOOK AWARD A daring literary masterpiece of historical fiction that weaves together the gripping stories of those caught in the web of authoritarian rule Through interwoven narratives that paint a portrait of 20th century Germany and the USSR and the monstrous age they defined *Europe Central* captures a chorus of voices both real and fictional a young German who joins the SS to fight its crimes two generals who collaborate with the enemy for different reasons and the tumultuous life of Soviet composer Dmitri Shostakovich amidst Stalinist oppression In this magnificent work of fiction acclaimed author William T Vollmann turns his trenchant eye on these two authoritarian cultures to render a mesmerizing perspective on human experience during wartime

William T. Vollmann Christopher K. Coffman, Daniel Lukes, 2014-12-18 This fascinating massive wide ranging collection that editors Christopher K Coffman and Daniel Lukes have gathered together into *William T Vollmann A Critical Companion* will soon be recognized as one of those rare critical books for which that egregiously overused term groundbreaking is fully justified Larry McCaffery from the preface of *William T Vollmann A Critical Companion* The essays in this collection make a case for regarding William T Vollmann as the most ambitious productive and important living author in the US His oeuvre includes not only outstanding work in numerous literary genres but also global reportage ethical treatises paintings photographs and many other productions His reputation as a daring traveler and his fascination with life on the margins have earned him an extra literary renown unequaled in our time Perhaps most importantly his work is exceptional in relation to the literary moment Vollmann is a member of a group of authors who are responding to the skeptical ironies of postmodernism with a reinvention of fiction's affective possibilities and moral sensibilities but he stands out even among this cohort for his prioritization of moral engagement historical awareness and geopolitical scope Included in this book in addition to twelve scholarly critical essays are reflections on Vollmann by many of his peers confidantes and collaborators including Jonathan Franzen James Franco and Michael Glawogger With a preface by Larry McCaffery and an afterword by Michael Hemmingson this book offers readings of most of Vollmann's works includes the first critical engagements with several key titles and introduces a range of voices from international Vollmann scholarship

Europe Old and New Ray Taras, 2009 Is Europe indeed uniting or instead falling apart as a result of anti immigrant prejudices a massive Islamic influx and ancient intra European hatreds This innovative and engaging book explores the sources of Europe's culture based divide arguing that the idea of two Europes is grounded both in reality and myth The accession process that brought a dozen new members into the European Union after 2004 has highlighted the persisting gulf between old and new Europe despite the many physical barriers that have crumbled Ray Taras examines the treaties political rhetoric citizen attitudes and literary narratives of belonging and separation that both bind and fray the fabric of Europe Throughout this interdisciplinary work provides a comprehensive hard hitting and unabashed review of how enlarged Europe embraces contrasting understandings
