Exploring Psychology in Modules David G. Myers, C. Nathan DeWall, 2018-10-12 Do you want your students to engage with and retain psychology's key principles and to work toward becoming better students and better people in the process? The modular version of the best-selling *Exploring Psychology* offers creative ways to help make it happen. The new edition of *Exploring Psychology in Modules* offers outstanding currency on the research practice and teaching of psychology. Myers and DeWall inspire students with fascinating findings and applications, effective new study tools and technologies, and a compassionate and compelling storytelling voice. Their presentation is based on the same guiding principles that made David Myers the world's bestselling introductory psychology author: Facilitate learning by teaching critical thinking and helping students at every step. Present psychology as a science emphasizing the process of inquiry and putting facts in the service of concepts. Make sure students come away with an appreciation of psychology's big ideas and with a deeper respect for humanity what drives us, distinguishes us, unifies us.

Exploring Psychology [With Activation Code for Psychportal]

David G. Myers, 2007-08-01 The new Seventh Edition is a presentation of ideas and applications featuring new research citations, over 40% new photos, and state-of-the-art media and supplements. Created by psychologists for psychologists, PsychPortal is a course space that combines a quizzing engine with media resources. It contains all the functionality expected from a site that can serve as an independent online course, but the core teaching and learning components are what make PsychPortal unique.
