so students could pick other materials other than math contest Why teachers coaches parents or students should buy this workbook We need a workbook which not only just teach math contest it should also be fun for children to work on and at the same time to enhance their brain power This is the vision which leads me to create this workbook and if you agree with my idea and view then this world s first 3 in 1 integrated math contest problem solving strategies and fun math IQ workbook is for you and your student or child
