

## Just a Minute – B2 Teens

**Instructions:** 1. Cut out the cards. 2. Put the cards face-down in a pile. 3. Take it in turns to pick up the cards. You must talk about whatever is on your card for one minute. Don't pause for too long or take too long to think!

**Optional extra:** While your classmates are listening to you they can think of questions to ask you at the end of your turn.

Your best friend

The things you hate most about school

A film that you love

The best holiday you have ever been on

A teacher you have

How you use social media

How you stay fit and healthy

Environmental problems in your country

Renewable energy

The best and worst things about English

What you would do with \$1000000

Videogames and if you like them

Your parents

The music you like and your favourite artists

How you would improve the education system in your country

Your ideal job

The clothes you wear at school and at home

Your ideal house or flat

The best and worst things about your country

The crime that's common in your city / country

If you think older people are wiser than younger people

## **Just A Minute Topics Pdf With Answers:**

Interactive Lecturing Elizabeth F. Barkley, Claire H. Major, 2018-02-28 Tips and techniques to build interactive learning into lecture classes Have you ever looked out across your students only to find them staring at their computers or smartphones rather than listening attentively to you Have you ever wondered what you could do to encourage students to resist distractions and focus on the information you are presenting Have you ever wished you could help students become active learners as they listen to you lecture Interactive Lecturing is designed to help faculty members more effectively lecture This practical resource addresses such pertinent questions as How can lecture presentations be more engaging How can we help students learn actively during lecture instead of just sitting and passively listening the entire time Renowned authors Elizabeth F Barkley and Claire H Major provide practical tips on creating and delivering engaging lectures as well as concrete techniques to help teachers ensure students are active and fully engaged participants in the learning process before during and after lecture presentations Research shows that most college faculty still rely predominantly on traditional lectures as their preferred teaching technique However research also underscores the fact that more students fail lecture based courses than classes with active learning components Interactive Lecturing combines engaging presentation tips with active learning techniques specifically chosen to help students learn as they listen to a lecture It is a proven teaching and learning strategy that can be readily incorporated into every teacher s methods In addition to providing a synthesis of relevant contemporary research and theory on lecturing as it relates to teaching and learning this book features 53 tips on how to deliver engaging presentations and 32 techniques you can assign students to do to support their learning during your lecture The tips and techniques can be used across instructional methods and academic disciplines both onsite including small lectures and large lecture halls as well as in online courses This book is a focused up to date resource that draws on collective wisdom from scholarship and practice It will become a well used and welcome addition for everyone dedicated to effective teaching in higher education
