

## Example COSHH risk assessment - Warehouse

Important reminder-

This example risk assessment shows the kind of approach a small business might take. Use it as a guide to think through some of the hazards in your business and the steps you need to take to control the risks. Please note that it is not a generic risk assessment that you can just put your company name on and adopt wholesale without any thought. This would not satisfy the law - and would not be effective in protecting people.

Every business is different - you need to think through the hazards and controls required in your business for yourself.

| Company name: Wholesale warehouse<br>Department:                               |   | Date assessment made:<br>Date discussed with employees:   |                     |  |                                |     |      |       |
|--|---|---|---------------------|--|--------------------------------|-----|------|-------|
| Step 1<br>Substance  | Step 2  | Step 3  |                     | Step 4<br>Action                                     |                                |     |      |       |
|  |   | What's the hazard?  | What harm, and who? | What are you doing already?                          | What improvements do you need? | Who | When | Check |
| Battery acid for electrical picker trucks - skin contact and breathing in mist | Burns from acid, lung irritation from mist              |   |                     |  |                                |     |      |       |
|  | Maintenance worker - liquid                             | Rubber apron, gauntlets, eye protection for acid handling |                     | Spill containment and clean-up kit                   |                                |     |      |       |
|  | Night-watchman - mist from charging batteries overnight | restrict access   |                     | Roof louvers open during & 30 minutes after charging |                                |     |      |       |
| Breathing in fog from pest control   | Unknown - contractor uses                               |   |                     |  |                                |     |      |       |
