Negotiating Rationally:

Negotiating Rationally Max H. Bazerman, Margaret Ann Neale, 1993 Draws on a study of the irrational behavior of ten thousand executives and student leaders to help managers and negotiators check their personal biases and assumptions in order to reach the best agreements possible *Negotiating Rationally* Max H. Bazerman, **Harvard Business**

Essentials: Guide To Negotiation Harvard Business Essentials, Richard Luecke, 2003 Negotiation whether hammering out a great job offer settling a dispute with a client drafting a contract or making trade offs between business units is both a necessary and challenging aspect of business life In the business world confident negotiators are always in high demand Bringing a difficult negotiation to a successful conclusion can be one of the most exhilarating and valuable aspects of business today Packed with practical advice and handy tools Negotiation will help any manager sharpen skills and yield a sizable payoff Contents include Preparing the necessary information before a negotiation Managing multiparty negotiations Assessing the position of the opposing side Determining your sources of power and authority in a negotiation Recognizing the barriers to agreement and how to overcome them Plus readers can access free interactive tools on the Harvard Business Essentials companion web site Series Adviser Michael Watkins Associate Professor Michael Watkins does research on negotiation and leadership He is the coauthor of *Right From the Start Taking Charge in a New Leadership Role* HBS Press 1999 and the author of *Taking Charge in Your New Leadership Role A Workbook* HBS Publishing 2001 both of which examine how new leaders coming into senior management positions should spend their first six months on the job Harvard Business Essentials The Reliable Source for Busy Managers The Harvard Business Essentials series is designed to provide comprehensive advice personal coaching background information and guidance on the most relevant topics in business Drawing on rich content from Harvard Business School Publishing and other sources these concise guides are carefully crafted to provide a highly practical resource for readers with all levels of experience To assure quality and accuracy each volume is closely reviewed by a specialized content adviser from a world class business school Whether you are a new manager interested in expanding your skills or an experienced executive looking for a personal resource these solution oriented books offer reliable answers at your fingertips *The Bartering Mindset* Brian C. Gunia, 2019-02-08 We use money to solve our everyday problems and it generally works well Despite its economic benefits however money has a psychological downside it trains us to think about negotiations narrowly leading us to negotiate badly Suggesting that we need a non monetary mindset to negotiate better The Bartering Mindset shows us how to look outside the monetary economy to the bartering economies of the past where people traded what they had for what they needed The book argues that because of the economic difficulties associated with bartering barterers had to use a more sophisticated form of negotiation a strategic approach that can make us master negotiators today This book immerses readers in the assumptions made by barterers collectively referred to as the bartering mindset and then demonstrates how to apply this mindset to modern monetary

negotiations The Bartering Mindset concludes that our individual organizational and social problems fester for a predictable reason we apply a monetary mindset to our negotiations leading to suboptimal thinking counterproductive behaviors and disappointing outcomes By offering the bartering mindset as an alternative this book will help people negotiate better and thrive

Kennedy on Negotiation Gavin Kennedy,2017-03-02 Negotiation is a vital skill for every manager As a result there are almost as many patented techniques for negotiation as there are managers each proclaiming to be the definitive route to success The authors behind these techniques keep their work very much to themselves Their fundamentally different approaches to negotiation remain in isolation from each other as if their authors were too polite to contradict others in the field In most cases when you are developing your negotiation skills this leaves you with a stark choice pick a single technique and ignore the rest Until now Kennedy on Negotiation is an authoritative and comprehensive guide to negotiation skills training and practice Dr Kennedy uses the well established Four Phases model as the structure around which he critiques constructively the numerous competing theories and models Gavin Kennedy s book is everything you would expect from one of the most respected writers on negotiation It is a readable and reliable guide to all that is best in the various contributions to negotiation training from authors such as John Nash Walton and McKersie Atkinson Nierenberg Rubin and Brown Gottschalk Karass Fisher and Ury and many more including Gavin Kennedy himself

Negotiation Genius Deepak Malhotra,Max Bazerman,2008-08-26 From two leaders in executive education at Harvard Business School here are the mental habits and proven strategies you need to achieve outstanding results in any negotiation Whether you ve seen it all or are just starting out Negotiation Genius will dramatically improve your negotiating skills and confidence Drawing on decades of behavioral research plus the experience of thousands of business clients the authors take the mystery out of preparing for and executing negotiations whether they involve multimillion dollar deals or improving your next salary offer What sets negotiation geniuses apart They are the men and women who know how to Identify negotiation opportunities where others see no room for discussion Discover the truth even when the other side wants to conceal it Negotiate successfully from a position of weakness Defuse threats ultimatums lies and other hardball tactics Overcome resistance and sell proposals using proven influence tactics Negotiate ethically and create trusting relationships along with great deals Recognize when the best move is to walk away And much much more This book gets down and dirty It gives you detailed strategies including talking points that work in the real world even when the other side is hostile unethical or more powerful When you finish it you will already have an action plan for your next negotiation You will know what to do and why You will also begin building your own reputation as a negotiation genius
