ambivalence = Coexistence of opposing attitudes or feelings.

anachronism = Something that is out of its proper or chronological order, as in the reference to a clock in Shakespeare's *Julius Caesar*.

anaphora = Repetition of the same word or words at the beginning of a series of phrases, lines, or sentences, as in these lines from an Elizabeth Barrett Browning sonnet: *I love thee freely, as men strive for Right, / I love thee purely, as they hurt from Pain*. Similar to parallelism, but in parallelism there is repetition of *grammatical* construction, not necessarily the repetition of the same word or words at the beginning.

anecdote = Brief story about an amusing or interesting (usually autobiographical) event.

antagonist = Principal character in opposition to the protagonist or hero of a narrative or drama.

bathos = When a writer strives to express the sublime (or sentimental), but goes too far and the piece becomes absurd and ridiculous, making it subject to satire.

There are two methods: **Direct characterization** = When the writer states or describes a character's traits. **Indirect characterization** = When the writer shows a character's personality through his or her actions, thoughts, feelings, words, and appearance, or through another character's observations and reactions.

cliché = Trite or overused expression or idea, like *wise as an owl, be there for someone, he didn't know his own mind, see the writing on the wall, making the best of it*.

conceit = Elaborate extended analogy comparing two very different things, creating a surprisingly apt parallel, such as this line from a famous Shakespeare sonnet, *Shall I compare thee to a summer's day?*

Tolkien's letters call Samwise Gamgee the chief hero of *The Lord of the Rings*. Sam is easily underestimated by both readers and critics. *Recovering Consolation* focuses attention on Sam's point of view throughout the long journey that is the novel. This book responds to Frodo's famous words at the Stairs of Cirith Ungol, imagining a child speaking to a parent: "I want to hear more about Sam's dad. Why didn't they put in more of his talk?" "That's what I like. It makes me laugh. And Frodo wouldn't have got far without Sam, would he?" "Listening to Sam not only makes us laugh but also shows him to be like Tolkien himself, a master of mythopoesis, as the novel's narrator puts it. Sam had more on his mind than gardening. Yet the concrete act of gardening, another passion that Sam shares with Tolkien, should help us to understand how consolation is recovered, as is well explained in Tolkien's great essay *On Fairy Stories*. Both there and in *The Lord of the Rings*, Tolkien offers a theological aesthetic that has much to teach us. Although we may not realize it while laughing along with Sam, this humble servant-hobbit is key to this aesthetic.

Integrating Narrative Medicine and Evidence-Based Medicine James P. Meza, Daniel S. Passerman, 2011-03-20. Scientific evidence-based medicine is increasingly seen as fundamental to providing effective healthcare, but narrative-based medicine sheds light on social and interpersonal aspects of the practitioner-patient interaction, which can also greatly affect healthcare outcomes. The philosophies underlying these two approaches seem to contrast, yet those who can integrate both into their practice are among the most successful medical professionals. *Integrating Narrative Medicine and Evidence-based Medicine* provides answers to the key question of how medical practitioners can best put both approaches into practice. It anticipates a future where evidence-based practice will be expected of all medical professionals but contends that the integration of a narrative-based approach will also be crucial, presenting a unique perspective on structuring the patient-professional encounter for optimum results. It develops a cultural analysis and socio-cultural theory of the science of healing and describes an efficient method by which medical practitioners can find and use medical research at the point of care with current technology and skills. This addresses the need for translational science moving research into practice, identified by the National Institutes of Health. This book will be essential reading for educators of medical students and postgraduate trainees, behavioral scientists, psychologists, social scientists working in medical settings, and health managers and administrators. Medical students and postgraduate trainees will also find it useful in their learning. Report Ohio. Department of Public Instruction, 1910.

Toward a Modernist Style: John Dos Passos Donald Pizer, 2013-10-24 A new appraisal of Dos Passos's work and life. *Toward a Modernist Style* describes both the central currents in his early work and his full participation in literary modernism culminating in his U S A trilogy as well as the relationship of these currents to those of an especially vibrant period in American expression. Donald Pizer charts the evolution of Dos Passos's artistic sensibility from its largely conventional expression at the start of the 1920s to the radical formal experimentation of U S A at its close. He places this development in Dos Passos's writing in the context of contemporary ideas about art and society. Pizer also looks at the important roles that Dos Passos's expatriation and his relationship with Ernest Hemingway played in his work as well as his efforts as a painter and their relationship to his literary art. *Toward a Modernist Style* is both an incisive guide to a major American modernist as well as an exploration of the wider currents that created literary modernism in the early twentieth century.
