Freedom Climbers:

Freedom Climbers Bernadette McDonald, 2011-07-29 Winner 2012 American Alpine Club Literary Prize USA Winner 2011 Munday Award Banff Mountain Festival CANADA Winner 2011 Boardman Tasker Prize Kendal Mountain Festival UNITED KINGDOM *Freedom Climbers* the most honoured book of mountaineering literature published in Canada tells the story of a group of extraordinary Polish adventurers who emerged from under the blanket of oppression following the Second World War to become the world's leading Himalayan climbers. Although they lived in a dreary war-ravaged landscape with seemingly no hope of creating a meaningful life, these curious, motivated and skilled mountaineers created their own free market economy under the very noses of their Communist bosses and climbed their way to liberation. At a time when Polish citizens were locked behind the Iron Curtain, these intrepid explorers found a way to travel the world in search of extreme adventure to Alaska, South America and Europe, but mostly to the highest and most inspiring mountains of the world. To this end, Afghanistan, India, Pakistan and Nepal became their second homes as they evolved into the toughest group of Himalayan climbers the world has ever known.

See this book trailer for *Freedom Climbers* made by RMB Books, its publisher in Canada, where the cover is slightly different from the *Mountaineers Books* U.S. edition. Behind the Iron Curtain, Cold War mountaineers found freedom on the world's highest peaks and paid an awful price to achieve it. Winner of the Boardman Tasker Prize, Banff Grand Prize and American Alpine Club Literary Award, *Freedom Climbers* tells the story of Poland's truly remarkable mountaineers who dominated Himalayan climbing during the period between the end of World War II and the start of the new millennium. The emphasis here is on their golden age in the 1980s and 1990s when, despite the economic and social baggage of their struggling country, Polish climbers were the first to tackle the world's highest mountains during winter, including the first winter ascents on seven of the world's fourteen 8000-meter peaks: Everest, Manaslu, Dhaulagiri, Cho Oyu, Kanchenjunga, Annapurna and Lhotse. Such successes, however, came at a serious cost: 80 percent of Poland's finest high-altitude climbers died on the high mountains during the same period they were pursuing these first ascents. Award-winning writer Bernadette McDonald addresses the social, political and cultural context of this golden age and the hardships of life under Soviet rule. Polish climbers, she argues, were so tough because their lives at home were so tough; they lost family members to World War II and its aftermath and were so much more poverty-stricken than their Western counterparts that they made much of their own climbing gear. While *Freedom Climbers* tells the larger story of an era, McDonald shares charismatic personal narratives such as that of Wanda Rutkiewicz, expected to be the first woman to climb all 8000-meter peaks until she disappeared on Kanchenjunga in 1992, Jerzy Kukuczka, who died in a fall while attempting the south face of Lhotse, and numerous other renowned climbers, including
