Hospital Architecture Isadore Rosenfield, Zachary Rosenfield, 1971 **Hospital Architecture and Beyond [by Isadore Rosenfield in Collaboration with Zachary Rosenfield]** Isadore Rosenfield, 1969 *Hospitals, Integrated Design* Isadore Rosenfield, 1951 **Hospital Architecture and Beyond** Isadore Rosenfield, Zachary Rosenfield, 1969 Provides a fundamental and rational approach to hospital planning [Becoming Jane Jacobs](#) Peter L. Laurence, 2016-01-29 Jane Jacobs is universally recognized as one of the key figures in American urbanism The author of *The Death and Life of Great American Cities* she uncovered the complex and intertwined physical and social fabric of the city and excoriated the urban renewal policies of the 1950s As the legend goes Jacobs a housewife single handedly stood up to Robert Moses New York City's powerful master builder and other city planners who sought first to level her Greenwich Village neighborhood and then to drive a highway through it Jacobs's most effective weapons in these David versus Goliath battles and in writing her book were her powers of observation and common sense What is missing from such discussions and other myths about Jacobs according to Peter L. Laurence is a critical examination of how she arrived at her ideas about city life Laurence shows that although Jacobs had only a high school diploma she was nevertheless immersed in an elite intellectual community of architects and urbanists *Becoming Jane Jacobs* is an intellectual biography that chronicles Jacobs's development influences and writing career and provides a new foundation for understanding *Death and Life* and her subsequent books Laurence explains how Jacobs's ideas developed over many decades and how she was influenced by members of the traditions she was critiquing including Architectural Forum editor Douglas Haskell shopping mall designer Victor Gruen housing advocate Catherine Bauer architect Louis Kahn Philadelphia city planner Edmund Bacon urban historian Lewis Mumford and the British writers at *The Architectural Review* Rather than discount the power of Jacobs's critique or contributions Laurence asserts that *Death and Life* was not the spontaneous epiphany of an amateur activist but the product of a professional writer and experienced architectural critic with deep knowledge about the renewal and dynamics of American cities [Hospitals, Integrated Design ...](#) Isadore Rosenfield, Thomas Hawk Creighton, A. Gordon Lorimer, 1947 **Reconsidering Jane Jacobs** Max Page, Timothy Mennel, 2017-11-20 This volume begins with the premise that the deepest respect is shown through honest critique One of the greatest problems in understanding the influence of the author on cities and planning is that she has for much of the past five decades been Saint Jane the housewife who upended urban renewal and gave us back our cities Over time she has become a saintly stick figure a font of simple wisdom for urban health that allows many to recite her ideas and few to understand their complexity The author has been the victim of her own success This book gives this important thinker the respect she deserves reminding planning professionals of the full range and complexity of her ideas and offering thoughtful critiques on the unintended consequences of her ideas on cities and planning today It also looks at the international relevance or lack thereof of her work with essays on urbanism in Abu Dhabi Argentina China the Netherlands
