Criminal Policy in Transition Penny Green, Andrew Rutherford, 2000-11 This work arrives at a time when the literature in criminology is short of global perspectives It aims to help fill that gap while it presents important new insights into changing penal policy and practice The authors write knowledgeably about their home societies without being prematurely bounded by comparative criteria As a result they develop a complex and uneven image of similarities and differences of divergence and convergence through time In this sense the collection offers a model of how international collaborative work should proceed

Disability, Criminal Justice and Law Linda Steele, 2020-04-29 Through theoretical and empirical examination of legal frameworks for court diversion this book interrogates law s complicity in the debilitation of disabled people In a post deinstitutionalisation era diverting disabled people from criminal justice systems and into mental health and disability services is considered therapeutic humane and socially just Yet by drawing on Foucauldian theory of biopolitics critical legal and political theory and critical disability theory Steele argues that court diversion continues disability oppression It can facilitate criminalisation control and punishment of disabled people who are not sentenced and might not even be convicted of any criminal offences On a broader level court diversion contributes to the longstanding phenomenon of disability specific coercive intervention legitimates prison incarceration and shores up the boundaries of foundational legal concepts at the core of jurisdiction legal personhood and sovereignty Steele shows that the United Nations Convention on the Rights of Persons with Disabilities cannot respond to the

complexities of court diversion suggesting the CRPD is of limited use in contesting carceral control and legal and settler colonial violence The book not only offers new ways to understand relationships between disability criminal justice and law it also proposes theoretical and practical strategies that contribute to the development of a wider re imagining of a more progressive and just socio legal order The book will be of interest to scholars and students of disability law criminal law medical law socio legal studies disability studies social work and criminology It will also be of interest to disability prisoner and social justice activists
