When the marriage is made in comedy circus, Philosophy of Prof. Mukhopadhyay Prof. Suvasish Mukhopadhyay, 2019-10-20 This book is very unique It talks of the Philosophy of Prof. Mukhopadhyay Prof. Mukhopadhyay prefers to read the minds of human beings more than reading books There are many aspects of his philosophy which are highlighted in this book since he is associated with the field of teaching and learning nearly for three decades for that his view about the education system and philosophy about the education system of the world is portrayed in a very nice manner in this book in several places Mainly it is highlighted that teaching must be a love oriented process not fear oriented He has given very high emphasis of the sexual life of people He believes in open minded culture and supports the live in culture of

today's world and he talked at length in this book since sex is an integral and inseparable part of life. No one can deny sex because he or she is born out of it. Most of us are having a wrong idea about sex and we practise it but refrain ourselves from it. That is not correct. In these modern eras, our old school of thoughts need true amendment and we need to accept the generation gap and unless we accept it, society will reject us. Because change is inevitable and it is the only thing which is bound to take place with time. If any reader goes through this book with sincerity, the dimension of his or her life is bound to change forever. Prof. Mukhopadhyay is a counsellor on a global level and this is the book through which his philosophy will spread across the world and billions of people will be benefited through this book. **Oha síta, noṭa ageina!** Mandar Kokate, 2015
