**Feeding Your Intuition** Laura LaBrie, Melissa Rippetoe, 2018-06-08 Laura LaBrie founder of The Happify Project and Melissa Rippetoe a hospital pharmacist team up to bring science and spirituality together in FEEDING YOUR INTUITION They met in a little fishing village in Mexico and soon they were discussing the secrets of the universe over a beer in a Mexican beach bar Together they posed the question Why do the indigenous people of Latin America have such strong spiritual sight and well developed intuition while the people of the US and Canada struggle in these areas The answer led them down Alice s rabbit hole past modern medical practices around symbols in ancient art past traditions found in nearly every civilization on earth through cutting edge new sciences over anecdotal cultural evidence and finally into the kitchen FEEDING YOUR INTUITION is a foodies guide to better intuition It is a cookbook packed with delicious recipes that will help increase your spiritual sight Just imagine recipes for mahi mahi smothered in orange tamarind sauce strawberry and goat cheese salad and traditional Mexican spiced raw chocolate increasing your psychic powers and boosting your clairvoyant vision How can food strengthen your intuition The answer is a surprisingly simple You were not designed with only five senses sight sound taste touch and smell You were born with six senses But by the time you got into your teenage years your sixth sense your intuition began to fade noticeably It s almost like you slowly went blind You lost your ability to see not just into other dimensions not just into the past or the future but into the foundational connection of all things The loss of this sense of intuition is a devastating thing It leaves you feeling isolated and alone You feel adrift in an obscure universe untethered floating like a helium balloon twisting and turning at the mercy of currents beyond our control BUT THERE IS HOPE You did not slowly lose your natural psychic abilities because of some unexplainable force You lost your ability to intuit because of a simple and scientific reason Pineal calcification What and where is your pineal gland It is a tiny pinecone shaped gland in the middle of your brain that has rods and cones and is light sensitive just like your eyes In fact many ancient and modern cultures call it your third eye Of course you need your third eye so you can see past this material plane and read energies you can t see with your regular eyes If your pineal gland function is compromised your spiritual eyes will be compromised as well Toxins like fluoride chlorine and mercury cause your pineal gland to develop tiny calcium crystals that make it hard and unusable But thankfully you can decalcify your pineal gland You can restore your spiritual vision by eating a diet rich in foods packed with vitamin K iodine and boron Add to that some raw cacao tamarind lots of cilantro mango beet apple cider vinegar and turmeric and those third eye crystals will begin to disappear You will be able to flex your spiritual muscles and see your intuitive feeling restored Just imagine how nice it will

feel to have full use of your sixth sense again All this time you have been asking yourself Am I intuitive You have been wondering if there was anything you could do to increase your spiritual sight Well the answer is YES You ARE naturally intuitive and you CAN do something to increase the power of your intuition You can eat more chocolate Best prescription ever right So take some time to go through these easy vegetarian recipes and simple soups and seafoods And make sure to check out the healthy desserts and exotic beverages too Because visual spiritual healing is possible and your intuitive skills can be restored You CAN eat your way to a healthy third eye And it tastes delicious Nutrition: the World's Problem Sir Harold Hartley,1966 **Pacific Coast Journal of Nursing** ,1921 **The Index** ,1872 **The American Journal of Clinical Nutrition** ,1998-10 **How You're Meant to Eat** Avishek Saha,2018-03-13 We are disconnected from food It s time to reconnect to the innate primal sense we ve mistakenly left behind our intuition Are you tired of dieting Confused about what to eat You re not alone There are a mind boggling number of diet books out there promising a quick fix but How You re Meant to Eat is not one of them What most dietary ideologies miss is something that has hidden in plain sight this entire time our intuition an innate sense we all possess that has been buried deemed inferior by society to the powers of the logical mind Yet intuition is one of the most powerful and underrated tools we can use to understand health and it s time to bring it back into the picture Avishek Saha culminates nearly a decade of experience to tell you just how In this book you will discover Why we can t rely on nutrition science to inform us what to eat 9 unique exercises designed to activate unlock and build your intuition to help you make clearer food choices How to eliminate fears beliefs and destructive ideologies around food A step by step and comprehensive approach to eating intuitively and connecting to your food for the rest of your life A one month individualized plan based on your current relationship with food After you implement the How You re Meant to Eat approach you may feel greater peace with food less guilt and more enjoyment In addition you will develop a framework for following your intuition trusting it and navigating through the world of conflicting and confusing health information Pick up a copy today and reconnect *The Pacific Coast Journal of Nursing ...* ,1921
