### **Vol. 2: Rank, Petitions, and the Administration of Heaven: The Canon of Daoist Magic Series** Laing Z.

Matthews, 2026-01-01 Most books on Daoism talk about philosophy energy or inner peace This one talks about rank law and paperwork in Heaven Volume 2 of The Canon of Daoist Magic Series opens the back office of Daoist thunder practice Drawing on the dense ritual compendium Dao Fa Hui Yuan Laing Z Matthews shows how thunder magic was never meant as free form sorcery but as an arm of celestial administration Where Vol 1 treated origins cosmology and the first thunder lineage this volume asks harder questions Who are you before Heaven What are you actually authorized to do Under what conditions if any may thunder move through you Inside you ll encounter The nine grades of celestial rank auxiliary offices and female yin administrations that keep the system balanced Ritual service ranks that reward decades of steady altar work more than sudden charisma Methodological permits licenses for specific systems such as thunder treasure and refinement methods The Jade Court petition system where every serious case begins as a written memorial to Heaven not a vague sending of energy Heavenly Treasure archives and underworld offices that hold ledgers of the living and the dead Refinement and soul recovery rites that function as spiritual therapy under law rather than sentimental sending to the light Thunder departments and generals that execute warrants instead of obeying private whim Matthews does not sanitize the tradition He presents dangerous material spirit summoning weather and external thunder operations talismanic cutting formulas aggressive breath practices rage based invocations together with the strict safeguards and karmic warnings the original texts attach to them The point is not to hand out heavy methods but to show how seriously the ancients believed power should be restrained You do not need to accept the literal existence of Jade Courts or thunder ministries to be changed by this book Behind the archaic titles lies a set of questions every practitioner healer or spiritual guide must face Who gave you this role Who can say no to you What structure keeps your certainty from turning into harm Vol 2 Rank Petitions and the Administration of Heaven is not a how to manual It is a sharp unsentimental portrait of a world that tried to bind power to responsibility under Heaven and a mirror for anyone today who dares to act in other people s lives in the name of the sacred

*Buddhism in the Sung* Daniel A. Getz, Peter N. Gregory, 2002-10-31 New paperback edition The Sung Dynasty 960-1279 has long been recognized as a major watershed in Chinese history Although there are recent major monographs on Sung society government literature Confucian thought and popular religion the contribution of Buddhism to Sung social and cultural life has been all but ignored Indeed the study of Buddhism during the Sung has lagged behind that of other periods of Chinese history One reason for the neglect of this important aspect of Sung society is undoubtedly the tenacity of the view that the Sung marked the beginning of an inexorable decline of Buddhism in China that extended down through the remainder of the imperial era As this book attests however new research suggests that far from signaling a decline the Sung was a period of great efflorescence in Buddhism This volume is the first extended scholarly treatment of Buddhism in the Sung to be published in a Western language It focuses largely on elite figures elite traditions and interactions among Buddhists and literati although some of the book's essays touch on ways in which elite traditions both responded to and helped shape more popular forms of lay practice and piety All of the chapters in one way or another deal with the two most important elite traditions within Sung Buddhism Chan and T'ien-t'ai Whereas most previous discussions of Buddhism in the Sung have tended to concentrate on Chan the present volume is notable for giving T'ien-t'ai its due By presenting a broader and more contextualized picture of these two traditions as they developed in the Sung this work amply reveals the vitality of Buddhism in the Sung as well as its embeddedness in the social and intellectual life of the time
