Facing the Challenges of Whole-school Reform Mark Berends, Susan J. Bodilly, Sheila Nataraj Kirby, 2002 About a decade
ago New American Schools NAS set out to address the perceived lagging performance of American students and the
lackluster results of school reform efforts As a private nonprofit organization NAS's mission was and is to help schools and
districts raise student achievement levels by using whole school designs and design team assistance during implementation
Since its inception NAS has engaged in a development phase 1992 1993 a demonstration phase 1993 1995 and a scale up
phase 1995 present Over the last ten years RAND has been monitoring the progress of the NAS initiative This book is a
retrospective on NAS and draws together the findings from RAND research The book underscores the significant contributions
made by NAS to comprehensive school reform but also highlights the challenges of trying to reform schools through whole
school designs Divided into sections on each research phase the book concludes with an afterword by NAS updating its own
strategy for the future This book will interest those who want to better understand comprehensive school reform and its
effects on teaching and learning within high stakes accountability environments
