

**Guided Reading & Analysis: The Rise of Industrial America, 1865-1900**

**Chapter 16- The Second Industrial Revolution, pp. 318-320**

**Reading Assignment**

ON THE AP®CC or other course for Period 6

**Purpose:**

The guide is not only a guide to reconstruct as planned, but also to provide a place and structure for reflecting and synthesizing your ongoing thinking (along with new knowledge) generated through reading. The guide is **NOT** to be used as a **checklist** or **script**. **DO NOT** progress or "teach" by the **date** alone. **DO NOT** use it on the corresponding date as well as work up to the final points. In addition, completed guides provide the student with the ability to correct a gap for "depend back" the benefits of such activities, however, go for beyond that help and some points. ☺

**History of the course and AP® assessment of what classes to provide the information as they read/reflect**

Ex... young adult, what's your class? But do do do? Here is why:

**Directions:**

- Preview:** Read the prompt questions within the guide before you read the chapter.
- Read:** Flip through the chapter and note titles and subtitles. Look at images and read captions. **Don't** take the "chapter" you are about to read.
- Read/Analyze:** Read the chapter. If you have just completed AP®CC, **highlight key events and people as planned**. Reread the guide, not to find the specific answers to reading guide questions, but to **generate questions in order to critically understand whether you read**.
- Write:** Write (pencil type) your notes and analysis in the spaces provided. Complete it in **AP®**.

**Key Concepts FOR PERIOD 6:**

**Key Concept 6.1:** Technological advances, large-scale production methods, and the opening of new markets encouraged the rise of industrial capitalism in the United States.

**Key Concept 6.2:** The migrations that accompanied industrialization transformed both urban and rural areas of the United States and created dramatic social and cultural change.

**Key Concept 6.3:** The Gilded Age produced new national and intellectual movements, public reform efforts, and political debates over economic and social policies.

**Section 1 Introduction to Period 6, page 318**
