Belmont Report -- correct answer -- provides the ethical framework for the federal regulations designed to protect human research subjects.

Belmont Report and Its Principles -- correct answer --

The Belmont Report's principle of respect for persons incorporates at least two ethical convictions: first, that individuals should be treated as autonomous agents, and second, that: -- correct answer -- Persons with diminished autonomy are entitled to protection.

The Belmont Report's principle of respect for persons incorporates at least two ethical convictions: -- correct answer -- first, that individuals should be treated as autonomous agents, and second, that persons with diminished autonomy are entitled to protection. Persons with diminished autonomy should not be excluded from participating in research, because then they would be excluded from receiving the benefits of research. The Belmont Report does not limit persons with diminished autonomy with participating in greater than minimal risk research. The Belmont Report also does not limit persons involved in research from benefitting financially.

Which of the following is an example of how the principle of beneficence can be applied to a study employing human subjects? -- correct answer -- Determining that the study has a maximization of benefits and a minimization of risks.
