Hall, 2022-05-13. This volume examines how the Coronavirus pandemic disproportionately harmed vulnerable and marginalized people in the U.S., highlighting structural racism and inequalities affecting people of color and low-wage workers. It offers successful mitigation strategies and recommendations for a more just post-pandemic future. **Words on Cassette**, 1997 *Necrodialogues and Media* Elena Fabietti, Zoë Ghyselincx, 2026-02-13. This volume is an original contribution to the understanding of the various forms of communication with the dead. Terming them necrodialogues, it examines these forms of communication in relation to cultural and ritual practices of necromancy and mediumism on the one hand and to the development of technologies for establishing contact with the beyond on the other. While recent scholarship in media and cultural studies rejects the narrative that technological progress in modernity eclipsed religious experiences and occult practices, twentieth and twenty-first century literary studies holding on to the secularization paradigm still largely dismiss practices of communication with the dead as anti-modern. By bringing together perspectives from different disciplines, this volume emphasizes the interconnectedness of literary necrodialogues and other cultural and media practices of communicating with the dead. The main aim of the collection is to explore the cultural, historical, anthropological and media contexts in which modern necrodialogues are produced and invested with different meanings. *On Cassette*, 1990 International Film Guide 1979 Peter Cowie, 1978
