**Take Action!** Lori Langer de Ramirez, 2009 Take Action Lesson Plans for a Multicultural Classroom is for all teachers striving to meet the needs of students in today's diverse K-12 classrooms Take Action offers 27 practical step-by-step multicultural lesson plans organized around seven microcultures: culture and identity, race and ethnicity, abilities and disabilities, religion, socioeconomics, and class, language and gender, and sexuality. Each chapter includes three lesson plans at three different grade levels: elementary, middle, and secondary. Each lesson plan is presented with an accessible and predictable format: outlines the content areas addressed, provides a recipe-style list of materials for all the activities in the lesson plan, and action projects, and so much more. Connections to national professional standards and benchmarks for K-12 education, as outlined by the Mid-continent Research for Education Learning, are also included in every lesson plan.

**FEATURES** Lesson Plan Video: the Take Action DVD located in the front of the book provides readers with 9 video clips of Standards Matrix A Lesson Preparation for the Teacher section provides activities every teacher should do prior to working on any of the lessons that follow. This section includes One Teacher's Reflection: These are stories written by teachers who reflect on specific incidents related to the chapter topic. These stories come from their own classroom and are meant to stimulate thinking about the connection between theory and practice. Teacher Action Project: These teacher action projects are meant to inspire deeper, more global connections between the teacher and the chapter topic. Teachers might be prompted to visit other classrooms, other schools, or other communities. The projects are meant to expose teachers to the chapter topics in a more visceral way than if the preparation had only been through reading. Suggested Readings and Resources: This section provides the teacher with further reading materials, websites, and references extending the action projects by providing teachers with more tools for developing further lessons and projects for their own students.

**FULL LESSON PLANS** Three complete lesson plans in each chapter provide novice and experienced teachers with step-by-step lesson plans. Presenting a predictable and accessible format, each lesson plan includes the following information: Grade levels: Lessons are divided among three categories: Elementary (K-5), Middle School (6-8), and High School (9-12), with one example of each level provided for each topic chapter. Though teachers should feel comfortable adapting the lessons to work in their own school context. Content areas addressed: A list of subject or content areas that are touched upon in the lesson and/or action project. Topic: A brief description of the main topic or topics to be addressed in the lesson. Rationale for Using This Lesson: This section seeks to answer the "why bother" question when deciding what curriculum to include in one's class. It provides a sense of the

importance of the topic of the lesson Background Information Provides the teacher and the students with some necessary information about the main topic s in the lesson Goals Aims Gives the teacher a sense for what s he can expect students to be able to accomplish or do during the lesson and or as a result of the action project Connections to Standards Links to national standards for all the content areas that are included in the lesson The national standards used in the book were culled from national professional organizations specific to each subject area as well as the excellent compendium of content standards and benchmarks for K 12 education located on the McRel Mid continent Research for Education and Learning website [www.mcrel.org](http://www.mcrel.org) Materials A recipe style list of the materials needed to do all of the activities in the lesson and action project A step by step Activity Includes description of the tasks or activities in the lesson Action project A task that helps translate the topic of the lesson into a project that helps benefit the class the school or the community Reflection Questions for the teacher to reflect on after having presented the lesson to students These questions may serve as prompts for discussion with colleagues or as topics for reflective journal entries Resource Page Photocopiable handout pages that are connected to the lesson

Crawford,1993 Multicultural Education ,1994 **Teaching at the Crossroads** Laurie Grobman,2001 Literary Nonfiction Literary Criticism and History Women s Studies We can fight back and counter the multi directional attacks on multicultural education in literary studies by creating responsible sound and cohesive pedagogy Controversies come with the academic territory but if we allow the conflicts to overwhelm the objectives of our teaching we pave the way for multiculturalism to be merely a passing fad rather than a permanent foundation for liberal education We need to get beyond internal us versus them rhetorics of hate to have any hope for our students to get beyond these mentalities in the real world beyond our classrooms from TEACHING AT THE CROSSROADS This book offers college and high school teachers a useful set of strategies for teaching literature by women of color Providing a comprehensive framework that connects criticism to pedagogy author Laurie Grobman provides a much needed practical guide for teachers who want to introduce their students to multiple literary traditions in a culturally sensitive and theoretically informed manner Highly accessible and designed for practical use TEACHING AT THE CROSSROADS is an ideal book for teachers of American Literature Women s Literature Multicultural Literature and World Literature It is also ideal for English education
