

CONTINUOUS REINFORCEMENT

Continuous reinforcement is a behavior reinforcement schedule where the target behavior is rewarded every time it occurs.

EXAMPLES

- **Gold Stars for Correct Spelling:** When checking the spelling tests of students, the teacher puts a gold star sticker next to each word spelled correctly.
- **Sales Commissions:** A company gives a small commission to the salesperson for each sale they make.
- **Online Phonics Game:** Every time the player chooses the correct option, a bright colored bell appears and jingles a few seconds.

PARTIAL VS CONTINUOUS

Partial Reinforcement

A reinforcement schedule where a response is only reinforced some of the time, rather than every time it occurs.

Continuous Reinforcement

A reinforcement schedule where a response is reinforced every time it occurs.
