In Memoriam to Identity Kathy Acker,1990-01-01 Kathy Acker s characteristically outrageous lyrical and hyperinventive novel concerns three characters who share an impulse toward self immolation through doomed obsessive romance Teetering somewhere between the Beats and Punk IN MEMORIAM TO IDENTITY is at once a revelatory addition to and an irreverent critique of literature of decadence and self destruction

Star Authors Joe Moran,2000-02-20 In America authors are as likely to be seen on television talk shows or magazine covers as in the more traditional settings of literary festivals or book signings Is this literary celebrity just another result of dumbing down Yet another example of the mass media turning everything into entertainment Or is it a much more unstable complex phenomenon And what does the American experience tell us about the future of British literary celebrity In *Star Authors* Joe Moran shows how publishers the media and authors themselves create and disseminate literary celebrity He looks at such famous contemporary authors as Toni Morrison J D Salinger Thomas Pynchon Don DeLillo John Updike Philip Roth Kathy Acker Nicholson Baker Paul Auster and Jay McInerney Through an examination of their own work biographical information media representations and promotional material Moran illustrates the nature of modern literary celebrity He argues that authors actively negotiate their own celebrity rather than simply having it imposed upon them from reclusive authors such as Salinger and Pynchon famed for their very lack of public engagement to media friendly authors such as Updike and McInerney *Star Authors* analyses literary celebrity in the context of the historical links between literature advertising and publicity in America the economics of literary production and the cultural capital involved in the marketing and consumption of books and authors

Modern American Counter Writing A. Robert Lee, 2010-01-21 The dissident voice in US culture might almost be said to have been born with the territory Its span runs from Roger Williams to Thoreau Anne Bradstreet to Gertrude Stein Ambrose Bierce to the New Journalism The Beats to the recent Bad Subjects cyber crowd This new study analyses three recent literary tranches in the tradition a re envisioning of the whole Beat web or circuit a consortium of postwar outrider voices Hunter Thompson to Frank Chin Joan Didion to Kathy Acker and a latest purview of what all too casually has been designated ethnic writing The aim is to set up and explore these different counter seams of modern American writing those which sit outside or at least awkwardly within agreed literary canons

Kathy Acker and Transnationalism Polina Mackay, Kathryn Nicol, 2009 Since Kathy Acker s death in 1997 the body of critical work on her fiction has continued to grow and even to flourish The continuing critical attention that her work has received is testament both to the complexity and intellectual scope of her many artistic and critical projects and to the continuing relevance of her concerns and ambitions in the recent and contemporary world a world that her fictions prefigure and interrogate in ways that we perhaps could not have recognized during her lifetime This collection of essays provides readers with access to a range of critical and theoretical essays that present a detailed analysis of transnationalism in Kathy Acker TM s fiction A wider aim of this book is to locate Acker TM s work in the context of current debates on transnationalism postnationalism and global identity Kathy Acker and Transnationalism therefore constitutes a timely re appraisal of an important American writer and a contribution to the growing field of studies in transnationalism

Queer Experimental Literature Teagan Bradway, 2017-05-09 This volume argues that postwar writers queer the affective relations of reading through experiments with literary form Tyler Bradway conceptualizes bad reading as an affective politics that stimulates queer relations of erotic and political belonging in the event of reading These incipiently social relations press back against legal economic and discursive forces that reduce queerness into a mode of individuality Each chapter traces the affective politics of bad reading against moments when queer relationality is prohibited obstructed or destroyed from the pre Stonewall literary obscenity debates through the AIDS crisis to the emergence of neoliberal homonormativity and the gentrification of the queer avant garde Bradway contests the common narrative that experimental writing is too formalist to engender a mode of social imagination Instead he illuminates how queer experimental literature uses form to redraw the affective and social relations that structure the heteronormative public sphere Through close readings informed by affect theory *Queer Experimental Literature* offers new perspectives on writers such as William S Burroughs Samuel R Delany Kathy Acker Jeanette Winterson Eve Kosofsky Sedgwick Alison Bechdel and Chuck Palahniuk *Queer Experimental Literature* ultimately reveals that the recent turn to affective reading in literary studies is underwritten by a para-academic history of bad reading that offers new idioms for understanding the affective agencies of queer aesthetics

Discursive Deviance and the Politics of Perversity in the Novels of Kathy Acker Julie Christine Sears, 2004 [The Bisexual Imaginary](#) Bi Academic Intervention, 1997 This insightful and lively book examines the consumption of the lesbian idols kd lang and Martina Navratilova by their many lesbian fans in contemporary society through an analysis of lesbian recognition identification and desire Allen suggests that the star fan relationship existing between these stars and their fans challenges a heterosexual notion of sex as determining gender because of the function of the masculine woman as a powerful signifier of lesbian identity Thus the way in which Martina and kd embody an ongoing and lived out lesbian identity makes representations of them in the mainstream media an unprecedented phenomenon which undercuts the primacy of heterosexual gender relations This is contrasted with the recent media popularization of lesbian chic which is viewed rather

as a homophobic recuperation of lesbians under the visual codes of conventional femininity The Lesbian Idol presents a multitextual and highly critical analysis of lesbian fans personal accounts of their adoration for their idols the ways in which Martina and kd have been represented in the mainstream media and the key discourses through which lesbian identity and culture have recently been theorized such as psychoanalysis queer theory and feminism [Chambers Fiction File](#) Roger Prebble,1992 *New Statesman Society* ,1990-05 **Whitaker's Book List** ,1991 *After Yesterday's Crash* Larry McCaffery,1995-08-01 Some of the hottest writers of the 90 s shared a subversive aesthetic sensibility avant pop that drew on the forms images slogans characters and narrative archetypes of our multidimensional information dense culture cartoons films music videos advertising and rock music to explore and critically examine that culture Each of these thirty two works delves into the deeper metaphorical implications of this pop cultural imagery to convey a turn toward overstimulation and hyper consumption in American life and to explore issues of personality and identity This provocative stylistically experimental work is truly literature for the twenty first century [San Francisco Review of Books](#) ,1991 *TLS, the Times Literary Supplement* ,1990 *Storming the Reality Studio* Larry McCaffery,1991 The term cyberpunk entered the literary landscape in 1984 to describe William Gibson s pathbreaking novel Neuromancer Cyberpunks are now among the shock troops of postmodernism Larry McCaffery argues in *Storming the Reality Studio* marshalling the resources of a fragmentary culture to create a startling new form Artificial intelligence genetic engineering multinational machinations frenetic bursts of prose collisions of style celebrations of texture although emerging largely from science fiction these features of cyberpunk writing are as this volume makes clear integrally related to the aims and innovations of the literary avant garde By bringing together original fiction by well known contemporary writers William Burroughs Thomas Pynchon Don DeLillo Kathy Acker J G Ballard Samuel R Delany critical commentary by some of the major theorists of postmodern art and culture Jacques Derrida Fredric Jameson Timothy Leary Jean Fran ois Lyotard and work by major practitioners of cyberpunk William Gibson Rudy Rucker John Shirley Pat Cadigan Bruce Sterling *Storming the Reality Studio* reveals a fascinating ongoing dialog in contemporary culture What emerges most strikingly from the colloquy is a shared preoccupation with the force of technology in shaping modern life It is precisely this concern according to McCaffery that has put science fiction typically the province of technological art at the forefront of creative explorations of our unique age A rich opportunity for reading across genres this anthology offers a new perspective on the evolution of postmodern culture and ultimately shows how deeply technological developments have influenced our vision and our art Selected Fiction contributors Kathy Acker J G Ballard William S Burroughs Pat Cadigan Samuel R Delany Don DeLillo William Gibson Harold Jaffe Richard Kadrey Marc Laidlaw Mark Leyner Joseph McElroy Misha Ted Mooney Thomas Pynchon Rudy Rucker Lucius Shepard Lewis Shiner John Shirley Bruce Sterling William Vollman Selected Non Fiction contributors Jean Baudrillard Jacques Derrida Joan Gordon Veronica Hollinger Fredric Jameson Arthur Kroker and David Cook Timothy Leary Jean Fran ois Lyotard Larry
