version of WordPress 5.0 comes with a few important changes and we tell you all about how to use them effectively. From crafting content pages using the block editor and customizing the design of your site through to making sure it's secure, we go through it all. The book starts by introducing WordPress and teaching you how to set it up. You are then shown how to create a blog site, start writing content, and even use plugins and themes to customize the design of the site and add some unique elements to set it apart. If you want to get more in depth, we also show you how to get started creating your own themes and plugins. Finally, we teach you how to use WordPress for building non-blog websites. By the end of the book, you will be sufficiently skilled to design high-quality websites and will be fully familiar with the ins and outs of WordPress. What you will learn:

- Learn to adapt your plugin with the Gutenberg editor
- Create content that is optimized for publication on the web
- Craft great-looking pages and posts with the use of block editor
- Structure your web pages in an accessible and clear way
- Install and work with plugins and themes
- Customize the design of your website
- Upload multimedia content such as images, audio, and video easily and effectively
- Develop your own WordPress plugins and themes
- Use WordPress to build websites that serve purposes other than blogs
