Ruhland,2025-09-19 Mass incarceration has been an ongoing problem in the United States There have been several research studies that explain the causes and consequences of mass incarceration A major contributor to incarceration is what happens in community supervision In several states many prison admissions result from technical violations from community supervision Historically alternatives to incarceration were developed to reduce prison populations and decrease the fiscal

cost of incarceration They were to function as a diversion away from prison Alternatives also keep people in the community while holding them accountable and protecting community safety Yet given the high violations and revocations rather than serving as an alternative to incarceration community supervision becomes a delayed prison sentence The book underscores the importance of ongoing research and the need for effective strategies to reduce violations and revocations There is a clear need for more research to explore what works in reducing violations and revocations including the factors that contribute to these issues This ongoing exploration is crucial for the continued development and improvement of community corrections Chapters in this book address how barriers such as mental illness COVID 19 and financial constraints may impede success on supervision and highlight in the findings ways to increase success despite these barriers Further two chapters provide results on two commonly used strategies in community corrections risk assessments and electronic monitoring The chapter s findings build on previous works and provide recommendations for policy and research This book advances knowledge on reducing violations and revocations and increasing success in community supervision It was originally published as a special issue of Corrections Policy Practice and Research Press Summary - Illinois Information Service Illinois Information Service,1998-11-17 Popular Mechanics Magazine ,1958 *The Commercial Car Journal* ,1920 **The Saturday Evening Post** ,1921 SCC Library has 1974 89 plus scattered issues **Atkinson's Evening Post, and Philadelphia Saturday News** ,1921 SCC Library has 1974 89 plus scattered issues Textile Manufacturer ,1909 **Allison's American Pictorial Handy Lexicon of the English Language** William L.
