THE BOOK The third part of the book How to Live Well engages the reader in a more introspected discussion of what lessons the author took away from her semester abroad Scott encourages the audience to live every day as if it is special in a formal yet festive way She also harbors on the fact that intellect means far more in the French culture than physical beauty and in order to keep one s mind sharp we must always seek out knowledge through the acts of reading going to museums exploring cultures through travel enjoying foreign cinema and sharing our experiences with friends and family through entertaining at home Due to the book s unconventional use of narrative it is better read in chapters rather than in one sitting The prose is wonderfully written if at times giving away the fact that this is the author s first major work Most importantly throughout the entire manuscript Lessons from Madame Chic The Top 20 Things I Learned While Living in Paris urges us to Live Passionately a relevant advice across personal and geographical borders Buy a copy to keep reading [Building Community through Hospitality](#) Jessica A.
