Stuff Daniel Miller:

Stuff Daniel Miller,2013-04-22 Things make us just as much as we make things And yet unlike the study of languages or places there is no discipline devoted to the study of material things This book shows why it is time to acknowledge and confront this neglect and how much we can learn from focusing our attention on stuff The book opens with a critique of the concept of superficiality as applied to clothing It presents the theories that are required to understand the way we are created by material as well as social relations It takes us inside the very private worlds of our home possessions and our processes of accommodating It considers issues of materiality in relation to the media as well as the implications of such an approach in relation for example to poverty Finally the book considers objects which we use to define what it is to be alive and how we use objects to cope with death Based on more than thirty years of research in the Caribbean India London and elsewhere **Stuff** is nothing less than a manifesto for the study of material culture and a new way of looking at the objects that surround us and make up so much of our social and personal life

The Comfort of Things Daniel Miller, 2013-04-24 What do we know about ordinary people in our towns and cities about what really matters to them and how they organize their lives today This book visits an ordinary street and looks into thirty households It reveals the aspirations and frustrations the tragedies and accomplishments that are played out behind the doors It focuses on the things that matter to these people which quite often turn out to be material things their house the dog their music the Christmas decorations These are the means by which they express who they have become and relationships to objects turn out to be central to their relationships with other people children lovers brothers and friends If this is a typical street in a modern city like London then what kind of society is this It s not a community nor a neighbourhood nor is it a collection of isolated

individuals It isn't dominated by the family We assume that social life is corrupted by materialism made superficial and individualistic by a surfeit of consumer goods but this is misleading If the street isn't any of these things then what is it This brilliant and revealing portrayal of a street in modern London written by one of the most prominent anthropologists shows how much is to be gained when we stop lamenting what we think we used to be and focus instead on what we are now becoming It reveals the forms by which ordinary people make sense of their lives and the ways in which objects become our companions in the daily struggle to make life meaningful *America's Textile Reporter*, 1918 *Muster Rolls, Etc.*, 1743-1787 Thomas Lynch Montgomery, 1906 *How the World Changed Social Media* Daniel Miller, Elisabetta Costa, Nell Haynes, Tom McDonald, Razvan Nicolescu, Jolynna Sinanan, Juliano Spyer, Shriram Venkatraman, Xinyuan Wang, 2016-02-29 How the World Changed Social Media is the first book in Why We Post a book series that investigates the findings of anthropologists who each spent 15 months living in communities across the world This book offers a comparative analysis summarising the results of the research and explores the impact of social media on politics and gender education and commerce What is the result of the increased emphasis on visual communication Are we becoming more individual or more social Why is public social media so conservative Why does equality online fail to shift inequality offline How did memes become the moral police of the internet Supported by an introduction to the project's academic framework and theoretical terms that help to account for the findings the book argues that the only way to appreciate and understand something as intimate and ubiquitous as social media is to be immersed in the lives of the people who post Only then can we discover how people all around the world have already transformed social media in such unexpected ways and assess the consequences *Pennsylvania State History of the Daughters of the American Revolution, 1947* Daughters of the American Revolution. Pennsylvania, 1947 **Pennsylvania Archives** Samuel Hazard, John Blair Linn, William Henry Egle, George Edward Reed, Thomas Lynch Montgomery, Gertrude MacKinney, Charles Francis Hoban, 1906 A collection of documents supplementing the companion series known as Colonial records which contain the Minutes of the Provincial council of the Council of safety and of the Supreme executive council of Pennsylvania **Supreme Court**, [Pennsylvania Archives](#), 1906 [Social Media in an English Village](#) Daniel Miller, 2016-02-29 Daniel Miller spent 18 months undertaking an ethnographic study with the residents of an English village tracking their use of the different social media platforms Following his study he argues that a focus on platforms such as Facebook Twitter and Instagram does little to explain what we post on social media Instead the key to understanding how people in an English village use social media is to appreciate just how English their usage has become He introduces the Goldilocks Strategy how villagers use social media to calibrate precise levels of interaction ensuring that each relationship is neither too cold nor too hot but just right **Anthropology and Cultural Studies** Stephen Nugent, Cris Shore, 1997-10-20 The contributors chart a new agenda for anthropology in an increasingly shared terrain of globally interacting cultures and identities *The Insurance Press*, 1909 [Farmers' Guide](#)
