Expert Teachers Do John Loughran, 2012-07-26 How do expert teachers do it How do they enhance student learning How do they manage the dilemmas and tensions inherent in working with 25 different students in every lesson Internationally respected teacher educator John Loughran argues that teachers knowledge of what they do is largely tacit and often misunderstood In this book he distils the essence of professional practice for classroom teachers Drawing on the best research on pedagogy he outlines the crucial principles of teaching and learning and shows how they are translated into practice using real classroom examples He emphasises that teaching procedures need to be part of an integrated approach

so that they are genuinely meaningful and result in learning Throughout he shows how teachers can engage their students in ways that create a real need to know and a desire to become active learners What Expert Teachers Do is for teachers who want to become really accomplished practitioners

Instructional Design for LIS Professionals Melissa A. Wong, 2019-05-03 A concise practical guide to effectively teaching current and future librarians in graduate programs professional settings and beyond Many librarians are thrust into positions where they are asked to teach colleagues Others choose to share their knowledge and experience by preparing the next generation of librarians in graduate programs However few such librarians have received any formal education in instructional design In this book Melissa A Wong an expert instructional designer helps information professionals to prepare for their roles as teachers of current and future librarians Covering topics that range from syllabus construction to evaluation and student feedback the book offers practical guidance on how to communicate with and support learners and how to come up with assignments and grade them along with advice on accessibility issues and working with technologies such as LMS OER videos and PowerPoint It demonstrates how to adapt principles of effective teaching to settings including workshops professional development courses conference presentations and staff training It also discusses professional challenges such as managing workload and shows how to adapt formal coursework to informal teaching situations Librarians who wish to learn new methods or improve on their teaching and course design skills should read this book
