## **Everything Is Obvious Once You Know The Answer:**

**Everything is Obvious** Duncan J. Watts, 2011 A narrative exploration of how the concept of common sense is inadequate in today's complex world draws on multiple disciplines to offer insight into the sources of such topics as popularity economics and self-deception

Everything Is Obvious Duncan J. Watts, 2012-06-26 By understanding how and when common sense fails we can improve our understanding of the present and better plan for the future Drawing on the latest scientific research along with a wealth of historical and contemporary examples Watts shows how common sense reasoning and history conspire to mislead us into believing that we understand more about the world of human behavior than we do and in turn why attempts to predict manage or manipulate social and economic systems so often go awry It seems obvious for example that people respond to incentives yet policy makers and managers alike frequently fail to anticipate how people will respond to the incentives they create Social trends often seem to be driven by certain influential people yet marketers have been unable to identify these influencers in advance And although successful products or companies always seem in retrospect to have succeeded because of their unique qualities predicting the qualities of the next hit product or hot company is notoriously difficult even for experienced professionals Watts argument has important implications in politics business and marketing as well as in science and everyday life

**The Anatomy of Neo-Colonialism in Kenya** W. O. Maloba, 2017-08-29 The successor to Kenyatta and Britain An Account of Political Transformation 1929-1963 this book completes the first systematic political history of Jomo Kenyatta by examining the mechanisms of installing a neo-colonial regime in Kenya and how such regimes were duplicated elsewhere in Africa It analyzes the nature and extent of the collaboration between Kenyatta Britain and Western intelligence services to install and protect his government in Kenya a collaboration which is linked to some of Kenya's most intractable political social and economic problems Drawing heavily on primary sources it examines the legacy of Kenyatta's regime and how this legacy is felt in Kenya today

**Social Media Is Bullshit** B. J. Mendelson, 2012-09-04 A provocative look at social media that dispels the hype and tells you all you need to know about using the Web to expand your business If you listen to the pundits Internet gurus marketing consultants and even the mainstream media you could think social media was the second coming When it comes to business they declare that it's revolutionizing advertising PR customer relations everything And they all agree it is here to stay In this lively insightful guide journalist and social critic B J Mendelson skillfully debunks the myths of social media He illustrates how the notion of social media first came to prominence why it has become such a powerful presence in the marketing field and who stands to benefit each time it's touted in the press He shows you why all the Facebook friends and Twitter followers in the world mean nothing to you and your business without old-fashioned real-world connections He examines popular tales of social media success and reveals some unsettling truths behind the surface And he tells you how to best harness the potential of the Internet without spending a fortune in the process Social media is bullshit This book gives the knowledge and tools you really need to connect with

customers and grow your brand      **Evolutionary Computing and Artificial Intelligence** Fernando Koch, Atsushi Yoshikawa, Shihan Wang, Takao Terano, 2019-03-13 This Festschrift volume is published in honor of Takao Terano on the occasion of his retirement Takao Terano is a leading expert in the areas of agent based modelling knowledge systems evolutionary computation and service science The contributions in this volume reflect the breadth and impact of his work The volume contains 12 full papers related to Takao Terano's research They deal with various aspects of artificial intelligence multi agent systems collaborative and social computing social networks ubiquitous computing      *Widgets: The 12 New Rules for Managing Your Employees as if They're Real People* Rodd Wagner, 2015-03-17 New York Times bestselling author Rodd Wagner tackles one of the most destructive problems facing organizations today the breakdown of the relationship between employees and the organizations they work for Your people are not your greatest asset They're not yours and they're not assets With this declaration one of the leading authorities on employee performance rolls up his sleeves against the weasel words contradictions bad habits and intrusions that reduce people to human resources To FTEs To human capital To flesh and blood widgets Armed with empirical evidence from the provocative studies he leads around the globe Wagner guides you through the new realities of what it takes to get the highest levels of intensity from people in a more mercenary skeptical and wired work world He explains how elements such as individualization fearlessness transparency recognition and coolness are reciprocated with loyalty productivity innovation and inescapably corporate reputation      Fostering Employee Buy-in Through Effective Leadership Communication Tim P. McMahon, 2021-07-29 Based on a case study of leadership communication in a time of organizational change this book gives new leaders insights into the tools and skills needed to become effective motivating communicators in their leadership careers Taking a holistic approach to communication and leadership the book argues that employees buy in to change when they collectively feel engaged in meaningful work that will enrich the lives of customers employees and investors Based on ethnographic research it approaches the topic through an absorbing fiction like retelling of an organization's successful navigation of change against the backdrop of the 2007 mortgage crisis In doing so it establishes a framework for leaders to understand the principles behind how and why buy in is generated in organizations This unique approach allows readers to visualize leadership communication principles in practice Fostering Employee Buy in is ideal as a supplementary text in introductory leadership communication management and business courses or as a text for new leaders interested in inspiring organizational change      Michigan Law Review , 2016-03      *Everything is Obvious* Duncan J. Watts, 2011-07-01 Why is the Mona Lisa the most famous painting in the world Why did Facebook succeed when other social networking sites failed Did the surge in Iraq really lead to less violence And does higher pay incentivize people to work harder If you think the answers to these questions are a matter of common sense think again As sociologist and network science pioneer Duncan Watts explains in this provocative book the explanations that we give for the outcomes that we observe in life explanations that seem obvious once we know the

answer are less useful than they seem Watts shows how commonsense reasoning and history conspire to mislead us into thinking that we understand more about the world of human behavior than we do and in turn why attempts to predict manage or manipulate social and economic systems so often go awry Only by understanding how and when common sense fails can we improve how we plan for the future as well as understand the present an argument that has important implications in politics business marketing and even everyday life **Talking Book Topics** ,2014 **The Shopper**

The Top Books of the Year Everything Is Obvious Once You Know The Answer The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. Everything Is Obvious Once You Know The Answer : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Everything Is Obvious Once You Know The Answer : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
