

need not spend as much time on their knees in prayer; rather, they are tasked much more with learning how to rule. Private tutors educate them in the ways of economics, rhetoric, diplomacy, and war. The favored heir of a holder is given the best. Less-favored siblings may be expected to become priests, enter in the navy, or take up a noble profession such as barrister, doctor, or slave. Both young men and women may find themselves married off to other families to secure political alliances or produce claimants for titles or even to seal business deals.

Children of commoners usually follow in the footsteps of their parents. The eldest typically have the least freedom in this respect, as they are groomed to take over businesses or learn the family trade. Siblings may be recruited into the trade for larger businesses, but for those families with simple trades, they are free to explore their own path in the world. Commoners often take up the trades the nobles find distasteful, particularly anything that involves manual labor.

Finally, slaves rarely get any education beyond a religious one. Only those who display great acumen at a young age and

are singled out by their holders can hope to learn anything beyond the most basic knowledge necessary to do their jobs. Life as a slave child is hard and monotonous... yet it is rarely dangerous, as a child is a valuable commodity to a holder. In this respect, the children of slaves may find themselves taken from their parents at a young age, sold to another holder who has more use for future laborers than he does for money.

## BLOODLINES

### TRUE AMARR

Proud but intractable, charismatic but haughty, the True Amarr are the dominant bloodline in the empire and are both hated and respected for it. Foreigners often consider the True Amarr to be little more than slavish zealots who use religion as an excuse to tread on the backs of the commoners and slaves for their own personal gain. While this is accurate in some cases, the True Amarr are deeply faithful and want nothing more than their fellow man to be safe and happy... under the glory of God and the Amarr Empire, of course.

**Eve's Apple** William Lindsey Thomas, 2020-06-25 *Eve's Apple* is the story of how one lady, Eve, contracted and spread the most fatal disease ever known to mankind as an act of her mind and will. The name of this disease is sin. This disease of sin is the root cause of all war, murder, stealing, lies, and every other known form of evil in the world. The result has been the death of every generation of mankind who has ever lived. But wait a minute, you say, I believe death is caused by old age or cancer, a heart attack, or some other physical problem or disease, and not by some religious belief called sin. This is partly true. But what is the root cause of all known diseases? And if all known diseases result in death, isn't this just another way sin manifests itself? In addition to all these facts, I believe the story of *Eve's Apple* defines the history of the human race. Ralph Waldo Emerson once wrote, "There is no such thing as history only biography." Well, if history is a collection of biographies or stories, then this story of *Eve's Apple* ranks among the most important of all. The story of *Eve's Apple* began mankind's conflict with good and evil in our world. This struggle by you and me, and the rest of the human race, has affected our world and history more than any other challenge in life. How mankind has chosen to struggle with this conflict has shaped the history of our world. If the above reasons for *Eve's* importance to history and your life are not enough, may I suggest one more contained in this story of *Eve*: the prophecy of God's answer to *Eve's* sin, which contains faith, hope, and love.

**God's Mother, Eve's Advocate** Tina Beattie, 2002-12-01 Tina Beattie has written a stunning book on the theology of woman. Her stated objective is to discern the place of the female body in the Christian story of salvation, and she has done so from the very heart of Christian stylisations of the female, the figures of Mary and Eve. Beattie has pursued her subject with the aid of French psychoanalytic feminism; these writers are preoccupied, as is Catholic theology, with questions of language and symbolism. But she deliberately puts herself at odds with neo-orthodoxy and feminist liberal theology; she believes that theologians like von Balthasar depart from the best Patristic tradition of Marian theology with disastrous effect. Nor does she offer any solace to the Marina Warners of this world in a book which is strong in defence of classical Marian theology. She defends with passion and theological insight not only the Virgin Birth, the Immaculate Conception, and the Assumption, but also the perpetual virginity of Mary. Virginal desire, according to Beattie, need not be seen negatively, but as an affirmation of the integrity of women's desire before God in a way not dependent on the phallus, nor reducible to genitality.
