Lecture Notes In Macroeconomics:

Lecture Notes on Macroeconomics John C. Driscoll, 2009 These are lecture notes for a first year graduate course on macroeconomics I taught at Brown University from 1995 to 2002 The notes cover the links between money and prices in the long run nominal rigidities and economic fluctuations macroeconomic policy investment and unemployment and coordination failure

Lectures On Dynamic Macroeconomics: Methods And Applications Chetan Dave, Marco Maria Sorge, 2025-05-27 This book provides an introduction to the study of dynamic general equilibrium economic models time can either be modelled in a discrete or continuous fashion and the environment may be either deterministic or stochastic this generality accommodates both business cycle and economic growth modelling The purpose of the book is to teach first the tools employed in modern macroeconomic theory and second the topics most often encountered in macroeconomic debate While the focus of the textbook is on macroeconomic modelling the tools that are employed can also be applied to other fields in economics for example natural resource and environmental economics and industrial organization Throughout the text the reader is exposed to both methodology and applications the scope and reach of a reader's own modelling is of course entirely a function of her own ingenuity with economic questions of interest
