## **Initiation Into Hermetics Franz Bardon:**

*Initiation Into Hermetics* Franz Bardon,2014-06 Initiation into Hermetics is the first and most important of Franz Bardon's works and is rightly regarded as the cornerstone of his entire opus In contrast to other books on the subject of magic Bardon focuses his attention on the practical training necessary for all true magical attainment Using the four elements of fire water air and earth as a foundation Bardon teaches the student how to master these universal forces in the three worlds of body soul and spirit Bardon leads the student step by step through exercises providing detailed training in the entire arcanum of magic from basic techniques in thought control to advanced teachings in astral travel and much more No other writer has ever developed such a clear concise and practical program of magical development

*Realization Into Hermetics* Magnus Sarmarx,2018-02-02 In *Initiation Into Hermetics* Franz Bardon presented a system of practices graded by degrees to accompany the Adept from the simplest level to the most complex state yet both the practices and teachings contained in his book function only as tools that only in hand Of someone able to use them correctly come to their ultimate goal How many people have practiced so dedicatedly and still practice these techniques and fall short of what they hoped to achieve How many years have you dedicated to this goal In order to carry out the Great Work an unshakable determination is always necessary but if you continue to use the same techniques always you will unfortunately always get the same results how much time do you still believe you have in this life to achieve what you set out to achieve Using improved techniques in the right way and improving them always more is what will lead to the dreamed goal and we have no time to lose Among the Alchemists it was said that the philosopher's stone is like a forgotten treasure in a pit and that the more one tried to catch more the gap deepened and more roots appeared between them and their objective That is exactly what has happened and has plagued many of the dedicated students of Hermetic both today and in the past ages and the hard truth is made present because the path that can be followed does not lead to the True Path because this is something that presents itself Himself in his own way and with his Absolute Power unquestioning Authority being The Strong Force of All Strength to teach you the means of how to arrive in this state of Supreme Bliss where the Universe converges to bless you is the purpose of this book

Magnus Sarmarx [Realization Into Hermetics Initiation And Masters Part 1, 2 And 3](#) Magnus Sarmarx,2018-05-01 The *Realization Into Hermetics Initiation And Masters Part 1 2 And 3* books is united here for preparation for the new book who is coming In *Initiation Into Hermetics* Franz Bardon presented a system of practices graded by degrees to accompany the Adept from the simplest level to the most complex state yet both the practices and teachings contained in his book function only as tools that only in hand Of someone able to use them correctly come to their ultimate goal How many people have practiced so dedicatedly and still practice these techniques and fall short of what they hoped to achieve How many years have you dedicated to this goal In order to carry out the Great Work an unshakable determination is always necessary but if you continue to use the same techniques always you will unfortunately always get the same results how much time do you still

believe you have in this life to achieve what you set out to achieve Using improved techniques in the right way and improving them always more is what will lead to the dreamed goal and we have no time to lose Among the Alchemists it was said that the philosopher s stone is like a forgotten treasure in a pit and that the more one tried to catch more the gap deepened and more roots appeared between them and their objective That is exactly what has happened and has plagued many of the dedicated students of Hermetic both today and in the past ages and the hard truth is made present because the path that can be followed does not lead to the True Path because this is something that presents itself Himself in his own way and with his Absolute Power unquestioning Authority being The Strong Force of All Strength to teach you the means of how to arrive in this state of Supreme Bliss where the Universe converges to bless you is the purpose of this book The Path to the Great Work is unique in its direction but multiple in its strands Hermeticism is to follow this path by obtaining the union of all powers and balancing them both in a Passive Receptive and Active Aggressive manner the union of the Elements and their Absolute Control over the protection of the Law of Manifestation of Polarity is the Realization of the Scepter of the Power and the full consecration of the Master in this art The human being in his conscious state supports only a tiny fraction of the Cosmic Consciousness thus making it impossible for him alone to touch and unite with the higher powers only with the application of the Law of Polarity in its deepest strand is obtained So your success both your Conscious and Perceptible as well as your Unconscious and Imperceptible must be directed towards achieving such a noble goal For the vast majority of the uninitiated what they do not perceive and which can not be touched or conceivable by them is not part of their world practically for them is something that does not exist yet it is precisely this inconceivable and unexpected part that when presented In their lives it assaults to him of surprise and of fatal way When a Higher Power manifests itself in the world it is only perceptible and comprehensible in its totality to those who are on the same level the lower levels only perceive fractions and the lower ones have never been able to comprehend it and these which are so are Adapted so much to their material physical state that they disconnected completely forgot the Grandiosity from which they came from the Power of their Microcosm and from their Sacred counterpart The Macrocosm The Initiate was already able to apply the Law of Polarity and thus obtain and fix his own reintegration with the flow of Divine Providence in this world strengthening him with blessing and power making his life be watched over by Superior and Absolutely Holy Forces And now to consecrate his masters he needs to reintegrate with the foundation of this power so deeply that they will become more than inseparable When he came into this world his Being in the process of incarnation was turned away from the Holy Powers Forces and Plans his vibrational state equaled to this time and finally to the material social and emotional environment then reborn yet his Spirit in his state Always imperative and present directed him again by the experiences of his life and by the love of his heart to reintegrate and rise again reconnecting to the Sacred Plans Forces and Powers thus extinguishing their pendencies with this world and allowing their Ascension the first step in this Sacred Way has already been given in the last Book with the True Initiation and now its

Kingdom must be re erected here in its fullness to obtain the Master only from this conquest that can go forward and obtain Sacred Realization The Universal Fire establishing itself in the Magus as it was shown in the practices of the last book grants it abilities and powers that for many were unknown and sometimes unbelievable make use of its forces and carry on with all its Power we will still speak in the First part of this book how to stabilize and deepen still further in this force there is nothing in the world that can be compared to it this Force and this Power is the Foundation for your salvation and after the Realization you can obtain with it the Supreme Most Holy Sacred Sword And in obtaining this Upper and Crushing Force his horizons widened beyond the barriers of the mortal world and at this point he could Open the Way to his beloved brethren who still trapped the chains of the world follow in the midst of great sufferings with unshakeable strength and will on the way Of the Great Work When the time comes just as I am doing to you my holy brother lift your Supreme Most Holy Sacred Sword and Walk the Path for them For the Initiate who has already built the pillars of the Universal Elements Fire and Air their resources will be expanded here so that they can safely obtain the pillar of the Universal Water element This is the next step Fire is Strength and Power Air is Wisdom and Water is Universal Love from which Blessing Healing and Infinite Life is born uniting Human Heart with Divine Heart micro and macro and the infinite power that is born from this state being in the Now living consciously and unconsciously in the deepest center of All Powerful Superior loving deeply and generating strength and being deeply loved thus generating courage By locating and accepting the love of the beings of the universe accepting that there are forces and powers that through Divine Grace and its infinite power mercy and strength protect and bless you deeply recognizing and reconnecting with this Supreme Power and feeling it fully By maintaining this power and this state of receptivity feel this active power deeply in your life present past and future conscious and unconscious Lucky Success and Well Being alive permanent and real Magnus Sarmarx Summary of Franz Bardon's Initiation Into Hermetics Everest Media,2022-06-13T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The elements are the fundamental forces that make everything in the universe exist They are the foundation of all things The sequence of the tattvas in accordance with the Hindu system is as follows Akasha Tejas Vayu Apas and Prithivi 2 The four coarser tattvas came forth from the fifth tattva the Akasha principle The Akasha is the causal principle and as the fifth energy it is to be acknowledged as the quintessence 3 The first element to come out of the Akasha is Tejas the principle of Fire The Fiery principle is active and latent in everything created in the entire universe from the smallest grain of sand to the highest that is visible 4 The element of Water unlike Fire has entirely opposite attributes It is cold and contractive The magnetic fluid came forth from this element Water as well as Fire are active in all regions **Initiation Into Hermetics** Franz Bardon,1999 Part I Theory establishes the foundation of physical existence as explained through the elements the secret of the Tetragrammaton the YOD HE VAU HE Karma the Law of Cause and Effect the significance of the physical astral and spiritual planes opening the door to initiation without the aid of a teacher Part II Practice divided into 10 progressive steps

this life to achieve what you set out to achieve Using improved techniques in the right way and improving them more and more is what will lead to the dreamed goal and we have no time to lose As the Caibalion taught us The lips of Wisdom are closed except to the ears of the Understanding so Be prepared as here the High Powers of Fire will be enlarged the Ararite Formula Established and the Built Air Pillar Magnus Sarmarx *Fluid Condensers* Aerik Arkadian,2026-03-31 An accessible and comprehensive guide to an overlooked yet powerful tool of modern alchemy and occult practice fluid condensers This book explores history theory and practical applications filling a long standing gap in magical literature Alchemical Wisdom for the Modern Practitioner Long mentioned but rarely explained fluid condensers are a powerful yet elusive tool in occult and magical traditions In *Fluid Condensers* Aerik Arkadian demystifies this powerful practice offering a thorough and accessible introduction suitable for both seasoned occultists and curious seekers Blending historical references modern interpretations and practical applications Aerik provides clear explanations step by step exercises discussion prompts and sample recipes for a variety of magical goals *Fluid Condensers* becomes a hands on manual for deepening personal power and refining spiritual technique Designed to serve practitioners of all paths this work is not tied to any one tradition Instead it positions fluid condensers as a living expression of modern alchemy practical empowering and transformative Whether you re looking to energize your magical practice understand esoteric principles or work more consciously with elemental forces *Fluid Condensers* offers the tools and insight to do so *The Golden Book of Wisdom* ,2022-06 The Fourth Tarot partly found by a Hermetic student in the Czech Republic Lost for nearly 60 years this new Franz Bardon book is a wonderful addition to his entire opus on Hermetic Magic *The M.A.I.A. Journey* Tamara,2014-12-09 Alternating back and forth between spirit and matter between subject and object between the many levels of vibration this book is a fragment of my own never ending quest and of my experience alive and therefore limited and subject to change It is an attempt to share what I have discovered so far using the weapons of a seeker tired of dogmas opinions and impressions amongst truths hidden in old sayings or fragments of ancient texts by personal revelations based on understanding comparison and logic and by applying the Universal Laws to the nature of things The desire for knowledge is not a light burden it is not easy to want to know and hold on to your goal while going through times when the constant occultation of the answers generates a dose of frustration that goes beyond human endurance Moreover it is not easy to share your findings with the world without being considered at least a lunatic particularly when those findings tend to break well rooted patterns and tear away the ego The Maia Journey even though so amazing in its uniqueness for each individual has a pattern which I have tried to outline in this book To those on a personal quest it will be a useful tool to others just another reading To me it is Manifesting Awareness Inside the All Tamara *Frabato the Magician* Franz Bardon,2015-02 Though cast in the form of a novel *Frabato the Magician* is in fact the spiritual autobiography of Franz Bardon one of the twentieth century s greatest Hermetic adepts *Frabato* was the author s stage name during his career as a performing magician and it is *Frabato* who occupies center stage in the novel as well Set

in Dresden Germany in the early 1930s the story chronicles Frabato s magical battles with the members of a powerful and dangerous black lodge his escape from Germany during the final desperate days of the Weimar Republic and the beginning of his spiritual mission which was to culminate in Franz Bardon s classic books on Hermetic magic More than just an occult novel Frabato the Magician is itself a work of magic which illuminates Bardon s other books as well as providing a revealing look into the dark occult forces which lay behind the rise of the Third Reich

**The Practice of Magical Evocation** Franz Bardon, 2014-07-28 Throughout the ages and primarily during the past few centuries many lengthy dissertations have been published on the art of higher magic Unfortunately they are for the most part such bewildering and incomplete remnants that very little of it can be taken as a point of reference for practical studies and this only in small fragments The original initiative for magic was known only to a very few lodges and was reserved for a particularly chosen few while for the seekers of truth who searched diligently for any information this subject matter remained dark and mysterious Various religions during the Middle Ages were severely hostile towards any magical knowledge In our history the most prominent examples are the well known Inquisitions Later in modern times magic was regarded as mere superstition and any person who showed some inclination toward this knowledge let alone one seriously concerned himself with the study of magic was regarded as a fool and was ridiculed In the past mystical and other sects maligned magic to such a degree that the word magic has to this very day an extremely dubious reputation And any person who has had an appreciation or understanding for magical knowledge has been pilloried as a black magician In reality true magic was initially taught in the ancient schools of the prophets and then only in the highest circles However only a few select insiders had access to these institutions In those days only a few books occasionally disclosed scant bits of information about true magic These books were deliberately written in such a way that they would disclose little or nothing even to the most astute reader and hence they would not give the seeker of truth a complete understanding of the subject of magic In accordance with the ancient Egyptian Mysteries the magic of the second Tarot card is represented by the High Priestess Franz Bardon the author of The Practice of Magical Evocation gladly continues to guide the serious diligent reader and student of magic along the proper path as long as this person is devoid of any fanatical religious beliefs and erroneous ideology Furthermore this person has to be prepared to penetrate further into the mysteries of the knowledge of magic or the Hermetic sciences As in Franz Bardon s first book Initiation into Hermetics Bardon endeavors to keep the language of this second volume in a style that is understandable to everyone The subject matter of the magic of evocation is among the least known and least investigated branches of the art and therefore Bardon makes certain that every person who reads this book will become completely familiar with this subject matter not only in theory but above all with the practice if he so chooses It is important however that the reader know that he will not achieve any results with the practice of magical evocation unless he has successfully completed Step VIII at the very least of Franz Bardon s first book Initiation into Hermetics which is a description of the first tarot card the Magician Should Franz

Bardon be successful in assisting the reader who has successfully completed the entire practical part of his first book to achieve the same good results with this one then Bardon has achieved his objective Those readers who initially study the secret sciences only theoretically will find in this work a satisfactory broadening of their knowledge
