**Reshaping the Investor-State Dispute Settlement System** Jean E. Kalicki,Anna Joubin-Bret,2015-02-04 In *Reshaping the Investor State Dispute Settlement System Journeys for the 21st Century* editors Jean E Kalicki and Anna Joubin Bret offer for the first time a broad compendium of practical suggestions for reform of the current system of resolving international investment treaty disputes The increase in cases against States and their challenge to public policy measures has generated a strong debate usually framed by complaints about a perceived lack of legitimacy consistency and predictability While some ideas have been proposed for improvement there has never before been a book systematically focusing on constructive paths forward This volume features 38 chapters by almost 50 leading contributors all offering concrete proposals to improve the ISDS system for the 21st century

**Enforcement of Arbitral Awards Against Sovereigns** R. Doak Bishop,2009-09-01 The past decade has seen a veritable explosion of investment treaty and other arbitration claims brought against sovereigns Many of those cases have been filed before the International Centre for Settlement of Investment Claims ICSID which has its own self contained rules for enforcement Given this significant increase in sovereign cases and the issues attendant to sovereign immunity this treatise is timely in addressing the various issues that arise in enforcing arbitral awards against sovereigns

One of the first questions posed to their counsel by clients considering the initiation of an arbitration proceeding against a sovereign state is whether and how the resulting award can be enforced. The origin of the client's question is usually based in some knowledge that a state possesses sovereign immunity along with an uncertain concern about the exceptions to such immunity and the difficulties of enforcement against a sovereign's assets. This uncertainty is understandable especially in light of the sometimes confusing and even contradictory court decisions in certain jurisdictions. It is these inquiries in their broadest application that form the subject of this treatise. With contributions by eminent and experienced practitioners of the multiple issues that have arisen in various jurisdictions and the key cases that have created the law of enforcement of obligations against sovereigns, this book will provide access to valuable information, add to the transparency of this subject, and further spur the consistent development of this area of law. This book is divided into three parts. The first part is general in nature and includes chapters encompassing the subjects of sovereign immunity in general, including both immunity from jurisdiction and immunity from enforcement, treaty obligations to honor awards, diplomatic protection by a claimant's government to obtain payment of awards, and conciliation and settlement. The second part of the book deals with the means of enforcing awards. Part three of this treatise addresses the enforcement issues that arise in specific jurisdictions in which enforcement against sovereign assets is often sought, in particular, the United States, the United Kingdom, Switzerland, France, The Netherlands, and South America.

**Martindale-Hubbell International Arbitration and Dispute Resolution Directory**, 2000, **International Arbitration Review** James H. Carter, 2017-09-19. The **International Arbitration Review**, edited by James H. Carter of Wilmer Cutler Pickering Hale and Dorr, provides an analytical review of what has occurred in each of the important arbitration jurisdictions during the past year, capturing recent developments and putting them in the context of the jurisdiction's legal arbitration structure and selecting the most important matters for comment. In this book, leading practitioners seek to provide current information on both general international commercial arbitration and international investment arbitration, treating important investor-state dispute developments in each jurisdiction as a separate but closely related topic. There are in-depth examinations of arbitration in 41 jurisdictions, as well as editorial chapters on "The Impact of Corporate Taxation on Economic Losses" and "Overviews on ASEAN and Africa." Contributors include Bart Legum, Michelle Bradfield, and Jean-Christophe Honlet of Dentons; James Nicholson of FTI Consulting. This new and timely publication promises to tackle pressing and present-day global concerns and to make valuable contributions to the ongoing dialogue on international arbitration. Peter Tomka, President of the International Court of Justice, The Hague, is a comprehensive and topical excellent reference. Professor Christine Mallin, University of Birmingham Business School, is the most discursive and engaging survey of the world of arbitration today. Jamie Maples, Weil Gotshal & Manges LLP.
