- **Planning and organization:** Project managers are responsible for developing project plans, defining objectives, and creating a roadmap to achieve project goals. They break down complex projects into manageable tasks, establish timelines, and allocate resources effectively. Their meticulous planning and organization skills ensure that projects stay on track and are completed within the specified time and budget constraints.
- **Leadership and team management:** Project managers serve as leaders, guiding and motivating project teams towards the common goal. They facilitate effective communication, foster collaboration, and promote a positive team culture.
