*Mastering AI* Jeremy Kahn, 2024-08-01 An urgent book on generative artificial intelligence exploring the risk and benefits looming in this seminal moment Easily the best exploration to date on the perils and promise of AI ASHLEE VANCE author of *When the Heavens Went on Sale* *Mastering AI* is a must read It s hard to put down BETHANY McLEAN coauthor of *The Smartest Guys in the Room* and *The Big Fail* A timely and urgent exploration of AI s dizzying acceleration BRAD STONE author of *The Everything Store* The debut of ChatGPT on November 30th was a watershed moment in the history of technology We stand on the threshold of a new age one where content of all kinds even software itself will be conjured seemingly from thin air with simple conversation In a culture fraught with misinformation *Mastering AI* pierces through the thicket of exaggerated claims explaining how we arrived at this moment and mapping the likely long term impacts on business economics culture and society this potent technology will have This book will serve as a guide to those dangers as well as highlighting the technology s transformative potential and will pinpoint concrete steps that should be taken to regulate generative AI

**AI in Language Teaching, Learning, and Assessment** Pan, Fang, 2024-02-12 The introduction of Artificial Intelligence AI has ignited a fervent academic discourse AI s role is as both a powerful ally and a potential adversary in education For instance ChatGPT is a generative AI which mimics human conversation with impressive precision Its capabilities span the educational spectrum from answering questions and generating essays to composing music and coding Yet as with any innovation its advent has sparked a spirited academic dialogue *AI in Language Teaching Learning and Assessment* seeks to address these concerns with rigor and thoughtfulness It explores the undeniable drawbacks of AI in language education and offers strategic insights into their prevention It scrutinizes the resources and safeguards required to ensure the ethical and secure integration of AI in academic settings This book lays out the multifaceted benefits of incorporating AI into language teaching learning and assessment Its chapters dissect the transformative impact of AI on pedagogy teaching materials assessment methodologies applied linguistics and the broader landscape of language education development This book is a valuable resource for language learners educators researchers and scholars alike It beckons to those who are keen on exploring and implementing AI in education as well as AI developers and experts seeking to bridge the chasm between technology and language education

*How Executives Should Think About AI* Stephen J. Andriole, 2025-09-30 Much of what is said about AI is misleading or just plain wrong It s also sometimes intended to frighten everyone about a future that s unlikely to occur think Bill Gates Elon Musk Steve Wozniak and Geoffrey Hinton among others AI will not steal children hold hostages for bitcoins or start nuclear wars But it will fundamentally change business through the intelligent automation of many routine and nonroutine tasks that companies perform all the time Old business models will die as fast as new ones emerge Whole industries will be reengineered reinvented and reimaged Some will be displaced altogether Some industries will be disrupted in every sense of the word in just three to five years In fact it s already begun

How Executives Should Think About AI Straight Talk About the Inevitable prepares executives for the AI future It s not a complicated treatise on AI or a theoretical look at how new technology can transform business models and processes It s a series of conversations masquerading as chapters designed to help executives quickly understand AI what it can do and what they should do about AI machine learning ML and generative AI GenAI right now These conversations about AI are intended to get executives up to speed on AI ML and GenAI so that they become AI comfortable in many ways including launching a steady stream of demonstration prototypes to help their companies explore AI s capabilities and potential benefits These timely conversations can help executives understand how AI will impact their companies and their professional success It s straight talk about the most important technology since the Internet Executives have no choice but to embrace AI to accomplish their professional goals This book helps accomplish these goals It helps them make decisions about what AI can and cannot do for their companies
