Communication Media And Development:

The Role of Social Media in Development Communication Edikan Ukpong, 2019-11-22 Seminar paper from the year 2016 in the subject Communications Public Relations Advertising Marketing Social Media grade B language English abstract This study was carried out to investigate the use of social media in development communication and how undergraduate students of Akwa Ibom State University perceived the usage The specific objectives were to find out if Akwa Ibom State University students are aware of the potential of social media for development communication and effect Ascertain the specific social media that can be used for development communication Determine the kind of development communication message that social media can be used for Examine the constraints facing the use of social media for development communication and solutions The study adopted the survey research design which was employed to derive responses from a sample size of 200 undergraduate students of the Department of Mass Communication Akwa Ibom State University who were selected via random sampling techniques Data were collected from this population using questionnaire The study revealed that Akwa Ibom State University students are aware of the use of social media for development communication to a large extent over half of the respondents use Facebook to send and receive information more than any other social networks education messages were mostly communicated through the social media followed by messages on rural development the use of the social media to communicate development was constrained greatly by lack of access to computers and high cost of subscription for internet access Drawn from the findings it was recommended that more enlightenment should be done in terms of using the social media to trigger development consciousness among the citizens Development Communication Thomas L. McPhail, 2009-05-04 In Development Communication top media scholars explore the details of communication in areas where modernization has failed to deliver change Offers a complete introduction to the history of development communication the process of systematically intervening with either media or education in order to promote positive social change Discusses the major approaches and theories in development communication including educational issues of training literacy schooling and use of media from print and radio to video and the internet Explores the role of NGOs the CNN Effect and the power of grass roots movements and bottom up approaches that challenge the status quo in global media

Designing Messages for Development Communication Bella Mody, 1991 Accessible and practical Designing Messages for Development Communication takes the reader step by step through the process of designing audience responsive messages in the Third World Bella Mody takes the media producer through an audience research based methodology to bridge the cultural and informational distance between senders and receivers A discussion of the origins and nature of media use in national development over the last 30 years forms the introductory background against which the author reviews the current research on media effects Mody presents audience research as a systematic device for the involvement of message receivers in decisions concerning message design that is what the message needs to say and how This volume instructs development

and communication planners as well as media workers first to listen to the audience so as to determine which information the audience needs and in what form they can process it most effectively and then to pretest messages before they are produced in their final form A valuable tool for the media producer s problem of the invisible audience in mass communication this volume is essential reading not only for students and teachers of development communication but for media users and media producers who produce messages to support development The book will be of great help to those who work in the field on the facilitating level training people to be future trainers in the field of development supporting communication

Masscommunication In this very welcome book the author has done a very good job of turning development support communication common sense into practical academic sense She has shown in a practical way that it is not enough only to propound high sounding academic theories about common sense based participatory development communication and then fail to show how they work in real life as many of us have done and continue to do The author has married theory to practice by showing media practitioners how it can has been done Media Development **The Handbook of Development**
