WILLIAM PH. D., 2021      *Hacking* Erik Savasgard, 2015-05-13 The Hacking Essentials You Have to Know Read for Free with Kindle Unlimited What is a Hacker The hacker mind set is not confined to this software hacker culture There are people who apply the hacker attitude to other things like electronics or music actually you can find it at the highest levels of any science or art Software hackers recognize these kindred spirits elsewhere and may call them hackers too and some claim that the hacker nature is really independent of the particular medium the hacker works in But in the rest of this document we will focus on the skills and attitudes of software hackers and the traditions of the shared culture that originated the term hacker The Hacker Attitude Hackers solve problems and build things and they believe in freedom and voluntary mutual help To be accepted as a hacker you have to behave as though you have this kind of attitude yourself And to behave as though you have the attitude you have to really believe the attitude But if you think of cultivating hacker attitudes as just a way to gain acceptance in the culture you ll miss the point Becoming the kind of person who believes these things is important for you for helping you learn and keeping you motivated As with all creative arts the most effective way to become a master is to imitate the mind set of masters not just intellectually but emotionally as well Basic Hacking Skills This of course is the fundamental hacking skill If you don t know any computer languages I recommend starting with Python It is cleanly designed well documented and relatively kind to beginners Despite being a good first language it is not just a toy it is very powerful and flexible and well suited for large projects I have written a more detailed evaluation of Python Good tutorials are available at the Python web site there s an excellent third party one at Computer Science Circles If you get into serious programming you will have to learn C the core language of Unix C is very closely related to C if you know one learning the other will not be difficult Neither language is a good one to try learning as your first however And actually the more you can avoid

programming in C the more productive you will be What you will learn from this book Resources to learn how to program The best language beginner s should master before moving on Learn how to code Html The different types of hackers and what you can do How to become a hacker Benefits of this book Contribute to the hacker culture Contribute to communities and different projects Protect your password and other sensitive information form other hackers Scroll up and download your Copy Today Read for free with Kindle Unlimited [Kali Linux for Beginners](#) Learn Computer Hacking In Deep,2021-05-02 55% off for bookstores Paperback CLR Only for a Limited Time Discounted Retail Price at 39 99 Instead of 47 99 Buy it right now and let your customers be thankful to you for this book [Stealing MySpace](#) Julia Angwin,2009-03-17 A few years ago MySpace com was just an idea kicking around a Southern California spam mill Scroll down to the present day and MySpace is one of the most visited Internet destinations in America displaying more than 40 billion webpage views per month and generating nearly 1 billion annually for Rupert Murdoch s online empire Even by the standards of the Internet age the MySpace saga is an astounding growth story which climaxed with the site s acquisition by Murdoch s News Corporation in 2005 for a sum approaching one billion dollars But more than that it may be the defining drama of the digital era In Stealing MySpace Pulitzer Prize winning journalist Julia Angwin chronicles the rise of this Internet powerhouse With an unerring eye Angwin details how MySpace took the Internet by storm by grabbing the best ideas from around the Web encouraging pinup stars such as Tila Tequila to make their home on its pages and giving everyone freedom to experiment with online identities including using somebody else s identity Stealing MySpace introduces us to the site s founders Chris DeWolfe and Tom Anderson who dabbled in computer hacking online pornography spam and spyware before starting MySpace Although their street savvy doggedness and clubbing skills far eclipsed their tech prowess they stumbled their way to success and soon found themselves at ground zero of a high stakes war that pitted Rupert Murdoch against his frequent nemesis the combative Viacom CEO Sumner Redstone Angwin sheds light on the dizzying backroom deals that allowed Murdoch to snatch MySpace from Viacom s grasp even as the MySpace founders remained in the dark about their own fate Then she takes us inside the Murdoch empire as DeWolfe and Anderson lobby furiously to regain control of their creation Venturing beyond the business aspects of the story Angwin also explores the Internet culture a voyeuristic world in which MySpace must stay one step ahead of amateur pornographers sexual predators and spoofers who set up fake profiles Rupert Murdoch himself tolerates dozens of phony Ruperts on the site and cope with the general excesses and sometimes illegal acts of a community of account holders equal in number to the population of Japan In Stealing MySpace Julia Angwin dishes on the epic real world battle for control of a virtual empire In a savvy smart fast paced narrative reminiscent of Bryan Burrough and John Helyar s Barbarians at the Gate and Michael Lewis s The New New Thing Stealing MySpace tells is the whole gripping story behind a breakout cultural phenomenon
