Chapter 3 Communicating in a World of Diversity

1) "All the characteristics and experiences that define each of us as individuals" is the definition of

- A) ethnicity.
- B) diversity.
- C) culture.
- D) pluralism.
- E) none of the above.

Answer: B

Explanation: B) Although the concept is often framed in terms of ethnic background, a broader and more useful definition of diversity includes "all the characteristics and experiences that define each of us as individuals." Culture is a shared system of symbols, beliefs, attitudes, values, expectations, and norms for behavior. Ethnicity (or ethnic group) is a group of people whose members identify with each other, through a common heritage, often consisting of a common language, a common culture (often including a shared religion), and/or an ideology that stresses common ancestry. Pluralism is a condition in which numerous distinct ethnic, religious, or cultural groups are present and tolerated in a society. It also includes the belief that such a condition is desirable or socially beneficial.
