## **Conducting Risk Assessment Guide:**

*Guide for Conducting Risk Assessments* National Institute of Standards & Technology, 2019-02-13 NIST Special Publication 800-30 rev 1. This guide provides guidance for conducting risk assessments of federal information systems organizations, amplifying the guidance in Special Publication 800-39. Risk assessments carried out at all three tiers in the risk management hierarchy are part of an overall risk management process, providing senior leaders with the information needed to determine appropriate courses of action in response to identified risks. In particular, this document provides guidance for carrying out each of the steps in the risk assessment process: i.e. preparing for conducting, communicating the results of, maintaining the assessment, and how risk assessments and other risk management processes complement and inform each other. It also provides guidance on identifying specific risk factors to monitor on an ongoing basis so that organizations can determine whether risks have increased to unacceptable levels; different courses of action should be taken.

**Guide for Conducting Risk Assessments** U. S. Department of Commerce, 2012-09-30. This document provides guidance for conducting risk assessments of federal informational systems and organizations, amplifying the guidance in Special Publication 800-39. This document provides guidance for carrying out each of the steps in the risk assessment process: i.e. preparing for the assessment, conducting the assessment, communicating the results of the assessment, and maintaining the assessment, and how risk assessments and other organizational risk management processes complement and inform each other. It also provides guidance to organizations on identifying specific risk factors to monitor on an ongoing basis so that organizations can determine whether risks have increased to unacceptable levels, i.e. exceeding organizational risk tolerance, and different courses of action should be taken.
