The second edition includes over a dozen new readings and case studies, as well as a new chapter on issues in Information and Communication Technology. Includes Canonical and topical readings on issues ranging from whistleblowing and advertising to international business, the nature of capitalism, and the environment. Engaging overviews from the author encourage careful reflection and critical examination of conventional assumptions. What to Do scenarios and Case Studies illustrate the practical relevance of each topic. Comprehensive introductions to ethical theory and the ethics of business. Questions following each selection test understanding and promote active reading. A primer on ethical institutions examines the role of ethics consultants, codes of ethics, and more. Debating Health Care Ethics, Second Edition Patrick Findler, Doran Smolkin, Warren Bourgeois, 2019-05-28 In this updated second edition, *Debating Health Care Ethics* explores contemporary moral challenges in health care, providing students with the essential tools to understand and critically evaluate the leading arguments in the field and to develop their own arguments on important moral problems in health care. Written in a clear and concise way, the textbook's first three chapters explore the nature of arguments and ethical theories, while the remaining chapters introduce students to moral problems in health care through case studies and dramas that feature complex scenarios involving patients, family members, and health care providers. Each case study and drama is followed by a lively debate where the authors defend their unique approaches to the dilemma. This new edition now includes more gender-inclusive dramas, an expanded discussion of feminist ethics, a case study on euthanasia that highlights changes to Canadian law, and an update on fetal consciousness that informs the debate on abortion. Emphasizing critical issues in health care from a Canadian perspective, this essential textbook will benefit students in philosophy, nursing, and health studies.

**A New Identity of Obligation: Metaphors and Paul's Ethical Argument in Romans 6:1-14** Andrés D. Vera, 2025-06-19 In Romans 6:1-14, Paul corrects an erroneous ethical conclusion drawn from the narrative of God's grace in Romans 3:5. This innovative study employs tools from cognitive linguistics to unveil Paul's sophisticated rhetorical strategy for resolving the indicative-imperative tension. By moving beyond traditional theological frameworks, the book shows how Paul presents believers' new identity as defined by a new obligation, illuminating the metaphorical narrative that undergirds Paul's logic. Readers will better understand the importance of conceptual spaces like *in sin* and *in Christ* and how Paul conceptualizes the relationship between believers and their old selves, who have been crucified.
