Work From Home: Impact on Employees Performance and Productivity in IT Sector in India Ashish Verma, 2024-10-20. Title: Working from Home: Impact on Employee Performance and Productivity in IT Sector in India. Author: Ashish Verma. In his book Working from Home, Ashish Verma delves into the transformative effects of remote work on employees in India's rapidly evolving IT sector. The book provides a comprehensive analysis of how the shift to working from home has reshaped the dynamics of productivity, employee engagement, and overall performance metrics. He begins by examining the context of India's IT sector, a field characterized by its reliance on technology and flexibility. It highlights the direct impacts of the COVID-19 pandemic, which has accelerated the adoption of remote work. Through extensive research and surveys, Verma provides empirical data demonstrating both positive and negative impacts on employee productivity. The author identifies several key factors that influence performance in a work-from-home environment. It discusses how independence and flexibility can enhance career tenure.

Living & Investing in Hungary Mohammad Ali-Azad Samiei, 2026-01-01. Title: Living and Investing in Hungary Complete Guide 2026 Edition. If you're planning on doing your residency in Hungary, here's what official guides don't tell you: rules on paper don't always match how things work in real life. The same file can go smoothly for one person but get stuck for another, depending on how systems read your documents, address, and presence. This book cuts through the noise of legacy media about Hungary and reveals how the country's systems really work, from residency pathways to real estate, from administration to daily integration. Each section offers clear, step-by-step guidance in simple language, providing practical steps you can follow. Inside, you'll find comprehensive information on Hungary's residency options, how housing (whether leasing or buying) can be the key that opens or closes the door to residency, the realities of governmental systems, daily living, integration, and the risks that influence trust and exposure. This book uses SHADi Associates' comparative method, comparing Hungary to Spain, Portugal, Greece, and Malta to demonstrate how countries differ at a structural level. At SHADi Associates, knowledge is our product. We provide trustworthy insights that help you make informed decisions before you commit. In practice, that means helping you find the country that fits your situation, equipping you to distinguish reliable relocation agents from opportunists, showing you how to integrate into Hungary's systems with minimal friction. This guide is designed for globally mobile individuals, investors, retirees, digital nomads, students, families, and anyone curious about how Hungary's bureaucracy truly functions.
