Entrepreneurship Feliciano R. Fajardo, 1994 *Entrepreneurship Business Debates* Vanessa Ratten, 2023-05-11 This book introduces entrepreneurship as a concept that is popular in the general media but also in academic study. What is evident is due to its positive and negative connotations in society. This book identifies that it is important to debate the topic of entrepreneurship in order to understand its multi-faceted nature. This edited book includes a number of chapters that discuss multidimensional perspectives from an international perspective. This book emphasizes the geo-political frontiers related to entrepreneurship based on current debates which includes recent global changes. This book also challenges the debatable as to whether entrepreneurship should be examined at the individual firm, regional or industry level. This book goes further to demonstrate that this depends on the type and nature of the study. Therefore, it is better to consider entrepreneurship in a multidimensional way that incorporates different levels of analysis. This book shows each level of analysis that can be considered from a geo-political perspective. This means including an overview of the cultural factors that influence entrepreneurial behavior. In this way, this book helps readers to understand how and why geography and politics influence entrepreneurial action.

Football Entrepreneurship Vanessa Ratten, 2022-12-08 Football is the world's most popular sport and is entrepreneurial by nature. There is a constant need for entities and individuals involved with football to act or behave in an entrepreneurial way. Competition is part of the football industry and emphasises the need to compete but also collaborate through entrepreneurial endeavours. This book is amongst the first to focus specifically on football entrepreneurship and the entrepreneurial nature of football. The book looks at entrepreneurship and how it can occur through direct and indirect engagement with football in a variety of contexts. It examines different types of football including gridiron, rugby and soccer and offers insights on the international aspects of football and how cultural aspects influence entrepreneurship. This book provides a holistic understanding of how football can include innovation, risk-taking and proactive activity and will be useful for those interested to learn more of the football industry and entrepreneurship in the global context.

Handbook of Research on Entrepreneurship and Conflict Wim Naudé, Bernadette Power, 2024-07-05 This Handbook focuses on the complex relationship between entrepreneurship and conflict. Editors Wim Naudé and Bernadette Power construct a broad overview of central research themes in the field covering states being captured by entrepreneurs, states capturing businesses, entrepreneurship in post-conflict reconstruction and entrepreneurs in conflict against other entrepreneurs.
