Europe Since 1815 Charles Downer Hazen, 1923 *Europe Since 1815 (Classic Reprint)* Charles Downer Hazen, 2017-01-17 Excerpt from Europe Since 1815 The purpose of this book is the presentation of the history of Europe since the downfall of Napoleon Needless to say only the broader lines of the evolution of so crowded a century can be traced in a single volume I have moreover omitted many subjects frequently described in order to give a fuller treatment to those which in my opinion are more important I have endeavored to explain the internal development of the various nations and their external relations in so far as these have been vital or deeply formative I have also attempted to preserve a reasonable balance between the different periods of the century and to avoid the danger of over emphasis The great tendencies of the century the transference of power from oligarchies to democracies the building up of nations like Germany and Italy and the Balkan states which was the product of long trains of causes of sharp decisive events and of the potent activity of commanding personalities the gradual expansion of Europe and its insistent and growing pressure upon the world outside shown in so many ways and so strikingly in this age of imperialism and world politics the increasing consciousness in our day of the urgency of economic and social problems all these and other tendencies will I trust emerge from the following pages with clearness and in just proportion About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
