Falling From Grace :

Falling from Grace Ann Eriksson,2011-02-01 Winner of a 2011 Independent Publisher Book Award Silver Medal

Sometimes it s the little things in life that make all the difference like chromosomes sperm bugs or an endangered seabird that nests in old growth forests But what s big or what s little depends entirely on your perspective Faye Pearson is a three and a half foot tall female scientist doing entomological research in the tallest trees on Vancouver Island who is pit with a ragtag group of protesters against the might of a multinational logging corporation The story of Faye and her struggle to function in a world not made for people her size is poignant and heart warming Whether she is lusting after her climbing partner standing up to a conflicted logging boss dressing down an insulting interviewee nurturing a wayward child in the midst of an environmental standoff or being carted off under the arm of a Mountie you ll be unable to resist this amazing woman There is a fall in Eriksson s novel but also incredible moments of grace *Falling from Grace* is a novel of no small achievement
