Indian Classical Dances Bharatiya Vidya:

Traditions of Indian Classical Dance Mohan Khokar, 1984 *Towards a British Natyam* Magdalen Gorringer, 2025-02-01

The story of the emerging professionalization of classical Indian dance forms in Britain is wrought with contradictions. Though becoming increasingly popular within mainstream culture, the forms lack the clear routes to vocational training so essential for creating a dance career in the traditional sense. *Towards a British Natyam* uses this lens to analyze the cultural, social, and political frameworks that make a profession possible within the arts. Innovatively drawing on the work of decolonial theorists and the sociologist Pierre Bourdieu, Gorringer illuminates the transformative potential of a classical Indian dance profession to decenter white supremacist modes of knowledge formation and recenter pluriversality.

Bharatanatyam Evolves Anne-Marie Gaston, 2025-10-27 Bharatanatyam is currently one of the most popular Indian classical dance styles performed throughout India and the world. It originated in southern India where it was taught by males and performed by female Devadasis, both of whom belonged to the same caste. Traditionally, the dance was associated with Hindu temples and courts and was performed in a variety of sacred and secular settings. Since the early twentieth century, both practitioners and venues for the dance have expanded. It is now taught and performed globally by people from all castes and nationalities, including teachers and dancers of all genders and religions. Most performances are now public events presented on the concert stage. Anne Marie Gaston traces the development of Bharatanatyam from its religious and secular roots. She gives details of the teachers who were most influential in the transmission of the dance from traditional to modern practitioners and discusses the role of different interpretations. By describing traditional and modern performances and choreography, she traces changes in the repertoire and presentation that have taken place during the post-revival era. Trends in performances at the MMA, considered the most important venue for Bharatanatyam, are described. Comments from the author's in-depth studies of Bharatanatyam as both performer and academic give a historical perspective to the current manifestation of the dance. Her observations are drawn especially from recitals at the Madras Winter Festivals 2011-15. The volume is profusely illustrated with the author's own photographs.
