Individualization Ulrich Beck, Elisabeth Beck-Gernsheim, 2001-11-20 Individualization argues that we are in the midst of a fundamental change in the nature of society and politics This change hinges around two processes globalization and individualization The book demonstrates that individualization is a structural characteristic of highly differentiated societies and does not imperil social cohesion but actually makes it possible Ulrich Beck and Elisabeth Beck Gernsheim argue that it is vital to distinguish between the neo liberal idea of the free market individual and the concept of individualization The result is the most complete discussion of individualization currently available showing how individualization relates to basic social rights and also paid employment and concluding that in as much as basic rights are internalized and everyone wants to or must be economically active the spiral of individualization destroys the given foundations of social co existence *Cool Capitalism* Jim McGuigan, 2009-10-09 Thomas Frank coined the term the conquest of cool This book shows how this conquest is at the heart of the dynamics of contemporary capitalism Jim McGuigan argues that cool capitalism incorporates disaffection into capitalism itself absorbing rebellion and neutralising opposition to the present system of culture and society The book explores a huge variety of cultural examples from the sleek images of mainstream advertising to the fringes of artistic production offering a vigorous critique of our understanding of subversion resistance and counter culturalism Is there is still any space left for rebellion against the seductive power of the free market economy *Political Consumerism* Dietlind Stolle, Michele Micheletti, 2013-08-26 Political Consumerism captures the creative ways in which consumers and citizens turn to the market as their arena for politics This book theorizes describes analyzes compares and evaluates how political consumers target corporations to solve globalized problems It demonstrates the reconfiguration of civic engagement political participation and citizenship Unlike other studies this book also evaluates if and how consumer actions are or can become effective mechanisms of global change **Gendered Hierarchies of Dependency** Patrizia Kokot-Blamey, 2023-07-19 Accountancy is an elite profession wielding its influence in every step we take in business and political life from takeover to bankruptcies and from Brexit to war we need accountants to help us see the bigger picture and to enable us to trust one another in public life But for much of the profession s history women were excluded from it and while we have seen great advances in women s access to the profession women remain significantly underrepresented at the top of the hierarchy and amid partnership ranks across the industry and globally Importantly there are noteworthy differences in the severity of this underrepresentation across national borders which remain underexplored **Gendered Hierarchies of Dependency** considers this underrepresentation of women at partnership level cross nationally and through a feminist lens analysing interviews with female partners in Germany and the United Kingdom In doing so Kokot Blamey innovatively merges insights from accountancy and organization studies political economy and the feminist ethics of care literature to contribute to contemporary debates about women at work neoliberalism and the capitalist fiction of the

autonomous self Beyond career advancement to partnership Kokot Blamey examines several timely issues such as the persistence of discrimination and sexism at work motherhood and weathering recessions and economic crises in accountancy Revealing important insights into the day to day working and private lives of modern elites this book shows how hierarchies are negotiated differently across borders but that the outcomes are always gendered *Ageing and the Family* Patricia Neff Cluster, Sampson Lee Blair, 2021-02-25 This collection makes a crucial contribution by collating research on aging and the family from an international perspective Providing this wide scope of quality research the volume equips readers to better assess how aging and its related issues are affecting families from multiple backgrounds **The Evolution of European Identities** Graham Day, Robert Miller, 2012-06-29 The European project is in a state of perpetual crisis in which the root cause is a lack of identification by ordinary citizens with Europe and European institutions *The Evolution of European Identities* employs state of the art analysis of in depth interviews by renowned practitioners to give a unique bottom up perspective on the development or its lack of a sense of European mental space Linking conceptual findings with case studies the book provides unique insights into groups that have been especially sensitized by their life experiences to question what it means to be European in the twenty first century The groups explored in this book include adults who experienced European education exchanges when young transnational workers civil society organization activists persons involved in cross border intimate relationships farmers who are subject to European markets regulations and subsidies and migrants into fortress Europe *Children in the Online World* Elisabeth Staksrud, 2016-05-23 What is online risk How can we best protect children from it Who should be responsible for this protection Is all protection good Can Internet users trust the industry These and other fundamental questions are discussed in this book Beginning with the premise that the political and democratic processes in a society are affected by the way in which that society defines and perceives risks *Children in the Online World* offers insights into the contemporary regulation of online risk for children including teens examining the questions of whether such regulation is legitimate and whether it does in fact result in the sacrifice of certain fundamental human rights The book draws on representative studies with European children concerning their actual online risk experiences as well as an extensive review of regulatory rationales in the European Union to contend that the institutions of the western European welfare states charged with protecting children have changed fundamentally at the cost of the level of security that they provide In consequence children at once have more rights with regard to their personal decision making as digital consumers yet fewer democratic rights to participation and protection as digital citizens A theoretically informed yet empirically grounded study of the relationship between core democratic values and the duty to protect young people in the media sphere *Children in the Online World* will appeal to scholars and students across the social sciences with interests in new technologies risk and the sociology of childhood and youth Book The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC

**International Journal of Action Research** ,2007 **Climate Change and the Media** Tammy Boyce,Justin Lewis,2009 It is now more than a quarter of a century since the Intergovernmental Panel on Climate Change published their first comprehensive report on the dangers posed by anthropogenic global warming Over the last twenty five years the weight of evidence about the causes and consequences of climate change has become compelling The solutions are fairly simple we must switch to more sustainable and efficient forms of energy production And yet they remain elusive globally we produce significantly more greenhouse gases now than we did back in 1990 The sad truth is that this inaction has made climate change inevitable the only question that remains is whether we can prevent it spiraling out of control How do we explain this colossal global failure The problem is political rather than scientific we know the risks and we know how to address them but we lack the political will to do so The media are pivotal in this equation they have the power to set the public and the political agenda *Climate Change and the Media Volume 2* gathers contributions from a range of international scholars to explore the media's role in our understanding of the problem and our willingness to take action Combined these chapters explain how and why media coverage has to date fallen short in communicating both the science and the politics of climate change They also offer guidance about how the media might shift from being the problem to becoming part of the solution

**The Hummer** Elaine Cardenas, Ellen Gorman, 2007 This book is a study of America's most controversial personal automobile. Featuring more than fifteen essays, this collection analyzes the Hummer through a wide array of disciplines. The editors Elaine Cardenas and Ellen Gorman have divided the essays into four groups: myth and space, myth and body, myth and discourse, and myth as vehicle. An introduction by the editors places the study of the Hummer in a cultural context from cover page 4.

Youth, Identity, and Digital Media David Buckingham, 2008 The contributors explore how young people use digital media to share ideas and creativity and to participate in networks that are small and large, local and global, intimate and anonymous. They look at the emergence of new genres and forms from SMS and instant messaging to home pages, blogs, and social networking sites. They discuss such topics as girl power online, the generational digital divide, young people and mobile communication, and the appeal of the digital publics of MySpace, considering whether these media offer young people genuinely new forms of engagement, interaction, and communication.

BOOK JACKET Busier Than Ever! Charles Darrah, James Freeman, J.A. English-Lueck, 2007-03-22 Learn why we are busy, how busyness is affecting American families and lives, and what real people are doing about it.

Mapping the Social Landscape: Readings in Sociology Susan J. Ferguson, 2007-02-23 Drawing from a wide selection of classic and contemporary works, the 60 selections in this best-selling reader represent a plurality of voices and views within sociology. In addition to classic works by authors such as Karl Marx, Max Weber, C. Wright Mills, David Rosenhan, Kingsley Davis, and Wilbert Moore, this anthology presents a wide range of contemporary scholarship, some of which provides new treatments of traditional concepts. By integrating issues of diversity throughout the book, Ferguson helps students see the interrelationships of race, social class, and gender, and the ways in which they have shaped the experiences of all people in society.

*Families in Converging Europe* Eriikka Oinonen, 2008-04-30 Families in Converging Europe examines common familial trends and differences between Northern and Southern and Eastern and Western Europe from the 1960s to the early 2000s and discusses the most common theoretical explanations for convergence and divergence. The interest lies in macro-level social changes and in the interrelationship between the family and other social institutions. In-depth comparison of Finnish and Spanish cases as representatives of North and South Europe provides an example of how macro-level changes affect both family ideology and practices.
