IKIGAI is IKIGAI (it's a life philosophy - it's not a framework) Dr.Sanjeev Khanna ,2022-05-16 Humans are born with a blessing and a curse and they know that their death one day will come and it is inevitable So naturally stimulates the fear of death in the whole human race But what I have drawn from this fear is that we are not afraid of death The real crux of this fear is entwined with living an unfulfilled life till our time finishes on this earth Fortunately we have found a Japanese concept that can help defy this fear It is called Ikigai Ikigai is a common term for Japanese people For English speakers the term means subjective well being It encompasses the questions related to the purpose of one s life the meaning of life and joy and feeling alive That s why ikigai can come from anywhere maybe from your hobby loved ones or professional life With my monolingual ear the ikigai term comes as a term given by psychologists for healthy passion The concept of ikigai works as a notification that our life should not primarily focus on business Every culture comes with various life essential lessons and no language has taken its monopoly to define a good life and ways of living it
