Harp Of Burma Tuttle Classics:

Harp of Burma Michio Takeyama, 2011-12-20 *Harp of Burma* is Japan's classic novel of pathos and compassion in the midst of senseless warfare. Winner of the prestigious Mainichi Shuppan Bunkasho prize and the basis for the critically acclaimed film *The Burmese Harp* by Ichikawa Kon, *Harp of Burma* shares a powerful human story about Japanese soldiers on the front lines in WWII. Losing a desperate battle against British forces in the tropical jungles of Burma, the young soldiers discover that the trials of war involve more than just opposing the enemy. Distressed and disoriented by the alien climate and terrain, strange behavior of foreigners, and the emotions stirred by the senselessness of war, their commander's ability to lead them in song helps them discover music's power to make even the most severe situations more tolerable. Even though they face the inevitability of defeat, singing the songs of their homeland revives their will to live. Through the story of these men and of the music that saw them through the war, Takeyama presents thought-provoking questions about political hostilities and the men who unleash them. *Harp of Burma* is Japan's classic novel of pathos and compassion in the midst of senseless warfare.

Heredity of Taste Soseki Natsume, 2012-02-07 Written in eight days in December 1905 and published in the January 1906 issue of the magazine *Teikoku Bungaku* (Imperial Literature), *Shumi no iden* (The Heredity of Taste) is Soseki Natsume's only anti-war work. Chronicling the mourning process of a narrator haunted by his friend's death, the story reveals Soseki's attitude to the atrocity of war, specifically to the Russo-Japanese War of 1904-5 and to the personal tragedies and loss of individuality of young men like his hero Ko-san and the sacrifices made by both the living and the dead. Although the first part of the story powerfully describes the narrator's visions of the war dead, including the recurring vision of Ko-san who cannot climb out of a ditch and return from the war, it is the second half in which a beautiful and mysterious woman appears before the narrator at Ko-san's grave with the promise of transcendence that grips our attention. The story centers on finding out the identity of this woman and her relationship with Ko-san, with its implication that what should have been a love story has been shattered by the reality of war, a reminder of the magnitude of Japan's sacrifice for its so-called victory.

Images of Westerners in Chinese and Japanese Literature, 2021-12-28 The present volume is the product of a joint effort made by scholars from across China, including Hong Kong, Japan, and Europe. The book gathers sixteen papers devoted to literary and cultural criticism from a comparative point of view. A perspective prominent in this volume is imagology, an approach first developed by Daniel Henry Pageaux and which focuses on specific images in literary and other texts. The study of the image of the foreign in national literary traditions, for instance, belongs to the traditional purview of comparative literature. Pageaux did more than uphold this tradition; he practically reinvented it using new theoretical concepts and perspectives in particular semiotics and reception aesthetics. On this basis, he was able to develop a theory and a methodology that are both usable and in tune with contemporary concerns. The present book covers a wide range of topics in the study of images of Westerners in Chinese and Japanese literature. Individual contributions deal with issues such as the genesis of the Chinese term *Foreign*

Devil the occurrence of Westerners in modern Chinese and Japanese literature and the Chinese and Japanese reception of individual western authors and artists such as amongst others Oscar Wilde Vincent Van Gogh and Madame Roland Some papers examine individual authors such as Lu Xun and Takeyama Michio Others examine historical periods or literary movements The approaches followed range from historical investigations of linguistic practices to detailed literary analyses

Enduring Postwar Kendall Heitzman, 2019-12-15 Yasuoka Sh tar 1920 2013 was perfectly situated to become Japan s premier chronicler of the Sh wa period 1926 89 Over fifty years as a writer Yasuoka produced stories novels plays and essays as well as monumental histories that connected his own life to those of his ancestors He was also the only major Japanese writer to live in the American South during the Civil Rights Movement when he spent most of an academic year at Vanderbilt University in Nashville In 1977 he translated Alex Haley s Roots into Japanese For a long period Yasuoka was at the center of the Japanese literary establishment serving on prize committees and winning the major literary prizes of the era the Akutagawa the Noma the Yomiuri and the Kawabata But what makes Yasuoka fascinating as a writer is the way that he consciously deliberately resisted accepted narratives of modern Japanese history through his approach to personal and collective memory In Enduring Postwar the first literary and biographical study of Yasuoka in English Kendall Heitzman explores the element of memory in Yasuoka s work in the context of his life and evolving understanding of postwar Japan

Evanescence and Form C. Inouye, 2008-09-29 This book explores the Japanese notion of hakanasa the evanescence of all things Responses to this idea have been various and even contradictory asceticism fatalism conformism hedonism materialism and careerism This book examines the ties between an epistemology of constant change and Japan s formal emphasis on etiquette and visuality
